

Pike Autism Support Services of Northeast Pennsylvania

FOR PARENTS & SUPPORT STAFF

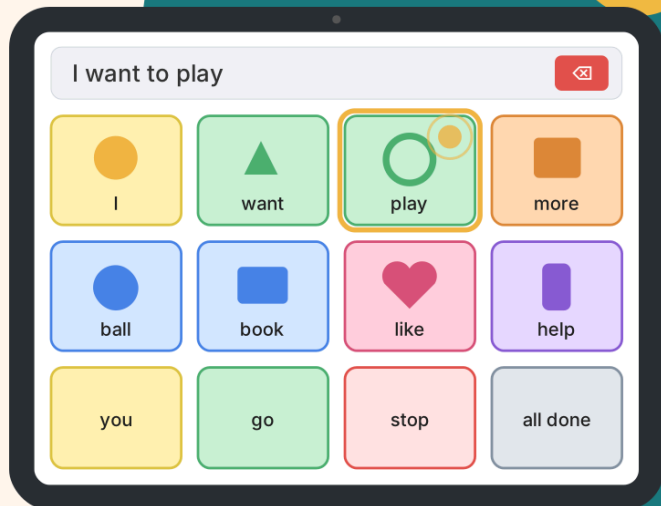

AAC Training

Learn to model on the device.
Support communication at home.

Wednesday, October 28

7:00 PM

The Milford Community House
201 Broad Street, Milford, PA 18337

Presented by Kirsten Dunn

Speech Therapist, DVSD

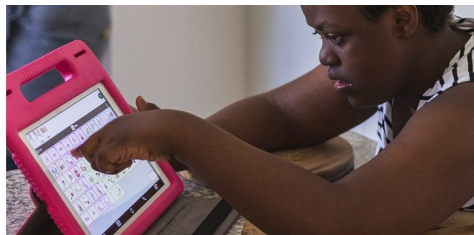

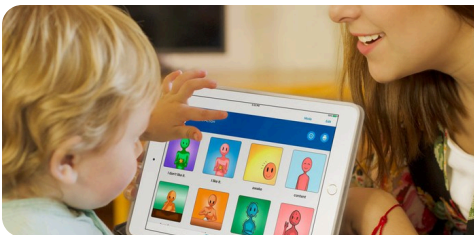

**For parents, caregivers
& support staff**

What we'll cover

- **Modeling on the device:** how to show your child language on their device during everyday routines, so they can use it at home.
- **AAC services and software:** what's available and how to get the most out of it.
- **TouchChat, LAMP and Proloquo2Go:** hands-on practice with all three programs.

Bring your child's device

This is an interactive, hands-on session with the devices. Bring your child's device if you'd like, and get help editing and customizing it for your child's specific needs.
