Scholarships

Merit and need-based scholarships are awarded each year. Merit scholarships are strictly performance based. Needs-based scholarships require a FACTS financial aid application to be submitted. Immaculate does not offer athletic scholarships.

MERIT SCHOLARSHIPS

Immaculate offers incoming freshman students who perform exceptionally well on their High School Placement Test (HSPT), coupled with a strong transcript and principal/counselor/teacher recommendations, a four-year merit scholarship. Immaculate's Scholarship Committee will review all applications, HSPT results, transcripts and recommendations to determine awards. A separate scholarship application is not required for eligibility.

NEED BASED SCHOLARSHIPS

Our need-based scholarship program is funded by private donors. Qualified students, determined based on a submitted financial aid application and criteria established by the donor, will be invited to apply by the Scholarship Committee.
