Parent - Teacher - Compact

2026-2027

What is a School - Parent Compact?

The School Compact is an agreement between parents, students, and school staff. By working together to produce ideas we help our students reach their full potential and ensure each student is able to reach their goals.

When schools, families, and community groups work together to support learning, children tend to do better in school. Parents are welcomed to contribute comments at any time!

Consider the benefits of partnering:

- *Higher grades and attendance
- *Improved social skills
- *Higher self-esteem
- *Higher graduation rates and enrollment into college and tech programs

As a student I will...

- Finish & turn in my assignments on time
- Attend school days unless I am sick
- Strive to do my best each and every day & in each of my classes
- Follow school and class rules so that everyone can learn and so that safety is maintained
- Take advantage of my time throughout my day to ensure all work is complete

As a teacher I will...

- Encourage a positive self-concept
- Support high academic standards
- Provide learning experiences that encourage learning
- Remain steadfastly professional

As a parent I will...

- Talk to my child about school activities each day
- Find out about school progress by attending parent/teacher conferences and meetings
- Encourage them at home by praising their strengths and let them know they are able to improve
- Reinforce good behavior at school
- Attend school activities
- Monitor my child's attendance
- Communicate with teachers and staff when concerns arise
