

GIFTED... NOW WHAT?

A GUIDE TO UNDERSTANDING GIFTED LEARNERS AND HOW TO SUPPORT THEM

“Gifted” is a term that many have heard, but what exactly does it mean?

This session will provide a foundation in understanding gifted learners including common characteristics, ways that gifted students are identified, what assessments tell us and what they do not, needs gifted students have, and ways to support gifted learners at home and at school.

WHEN:

Monday,
March 1, 2027
6:00 - 7:15 PM

WHERE:

Madison School
District Governing
Board Room

5601 N. 16th Street
Phoenix, AZ 85016

Dr. David Graham

Dr. David Graham is the Head of School at ASU's Gary K. Herberger Young Scholars Academy, bringing over 10 years of experience in leading innovative programming for highly and profoundly gifted learners. A published author and national speaker, he specializes in curriculum design, educational leadership, and the social-emotional growth of gifted students.
