# Mrs Thompson 21st Century Algebra I

# PACKER PROCESS

## P — PREPARE FOR LEARNING

- Be sure to have your iPad charged each day.
- If you need a stylus, get one at the beginning of class.
- Were you absent? If so, email me to find out what you missed.
- Bring a pencil

## A — ASK FOR HELP

- If you have a math question, please be sure to
  - look at our notes
  - ask your elbow partner and/or friend
  - raise your hand and ask me
- You can also come find me during your study hall or email me. I won't respond after 9pm.

## C — COLLABORATE WITH OTHERS

**Respect is KEY!**
It is my hope that you work together on assignments

## K — KEEP TRACK OF ASSIGNMENTS & DEADLINES

- There are no homework assignments in this class. Your job is to check PowerSchool for any missing IXL's I have given that you are responsible for.

## E — ENTER AND EXIT THE CLASSROOM APPROPRIATELY

- Be in the room and ready to go at the start of the bell.
- If you need to use the restroom (J Wing) – make a pass, show me your iPad screen, and I'll start it for you.
- At the end of the hour, stay in or by your desk. You will not line up at the door.

## R — RESPECT SCHOOL & CLASSROOM RULES

- Help take care of my classroom. I am in this room more than I am in my own house.
- Keep in mind that we are all at different levels of math knowledge at the moment.
  My classroom is a place where you can ask for help at any time without feeling judged.

## S — SUBMIT WORK

- You will get paper copies of most things that you will keep in my classroom so there won't be anything to submit.
