Pursuant to § 59-65-40, § 59-65-45, and § 59-65-47, a homeschool student who is educated at home under the authority of a parent or guardian who enrolls the student in a homeschool association, or under the oversight of the local school district or through a homeschool association, may participate in interscholastic activities including but not limited to athletics, music, speech, and other extracurricular activities.

- The home school student is requesting to participate in extracurricular activities at his/her residentially-assigned school (contact the District Registrar's Office).
- I understand this student must meet all school district eligibility requirements with the exception of the school district's school or class attendance requirements, or the class and enrollment requirements of the associations administering the interscholastic activities.
- The home school student must agree to a release of educational records (transcript) to the district necessary to verify compliance with participation requirements.
- The home school student must contact the residentially-assigned school to obtain all information involving dates and procedures for "tryouts."
- The home school student or parent/legal guardian will agree to pay any athletic participation fees normally charged to all Richland School District Two students.
- The home school student will agree to meet the same standards of academic performance, behavior and other identified requirements as all other Richland School District Two students.
