Fall Break! Enjoy and be safe!

Report Cards

Oct. 14, 2026

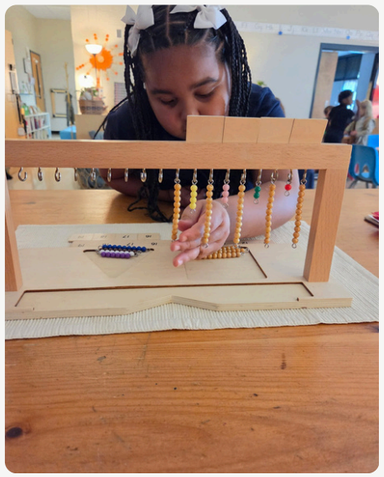

Report cards are headed home!

Red Ribbon Week

Oct. 26-30, 2026

More info to come!

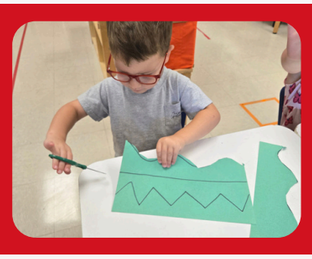

Academic Spotlight

Lost in the Work

Concentration is at the heart of Montessori learning. When children have uninterrupted time to become deeply engaged in meaningful work, they build focus, independence, perseverance, and confidence! Montessori environments are intentionally designed to give children the time and space they need to become completely absorbed in their work. These moments of deep concentration help children develop skills that reach far beyond the classroom. When a child becomes "lost in the work", some of the most meaningful learning takes place.

Casa Corner

Learning with Leadership

District leadership came together to reflect on the Montessori program, strengthen alignment, and build a shared vision for the future! The conversation focused on honoring Montessori principles while ensuring consistency and supporting the needs of students and teachers. Through collaboration and thoughtful planning, we are continuing to strengthen the foundation of our program! We're excited about where Montessori is headed!

The Work Cycle

Students in Mrs. Wright's PreK class worked together to complete a large floor puzzle!

Cora Bergeron, a kindergartener in Mrs. Hinton's class at LPS, focuses on completing the teen board!

Destiny and Emory, 4th graders at LVA, share a presentation they made about ecosystems!

Leah and Ryley, 2nd graders at LPS, try the salsa their classmates made!

Teacher Spotlight

From Seed to Salsa

Mrs. Blount and her students at LPS took learning from the garden to the table by making fresh salsa with vegetables grown right at school! From planting and caring for the garden to harvesting and creating something delicious, students experienced the joy of seeing their hard work come full circle!

"We especially need imagination in science. It is not all mathematics, nor all logic, but it is somewhat beauty and poetry."
—Maria Montessori

What's Next?

There's always something going on in Montessori! Next month will find us growing, learning, and collaborating as we work together to strengthen our Montessori community!
