

West Irondequoit Central School District

Meeting Topic/Type:	Briarwood School-Based Planning Team Meeting
Date:	September 16, 2026
Time:	8:00am
Location:	BW Library

Learning Targets:

- We can set accurate, data-driven goals for the upcoming school year that reflect the Instructional Blueprint and based on the needs of our incoming students.
- We can consider how to leverage our school-based plans to enhance current skills and build new skills, focusing on evidence-based differentiation and targeted, direct instruction to increase the number of students proficient and beyond.

Warm Welcome-5 min.

Parent Volunteers

Decision Making 2026-2027

Review/Report out on School Based Plan -10 min

Create Goals (Behavior/Caring Schools)-20 min.

Closure

9/16/2026 Minutes

Review from Last year- Discussed integrated recess, and adding 3rd grade community service.

Decision Making agenda for 2026-2027

- School/ community Norms that we look for while attending school. Provided families with information to help them support the work we do from day-to-day ie. Newsletters, Social Media, Parent Academy.**
- Trimester review of expectation and focus on inclusivity. Possibly have SES team support lunch and recess.**
- Arrival/Dismissal (develop a new plan). Concerns around noise level and monitor/TA support during dismissal. District wants us to be accountable and there has been some friction regarding the change in TA's clocking in as Monitor pay to assist with dismissal.**
 - The team looked at new School Base Plan for about 10 minutes. May want to adjust goals based on data collected from the beginning of the 26-27 school year, so plan reflects where the students are now. Possibly add an SES goal as it relates to referrals and student recognition. For example, a tally/ point system, students work to earn 10 points per week to earn an incentive. We will work to maintain our absenteeism rate of at or below 5%.**
 - Jennifer will be attending bi-weekly SES meetings and ask the team to create attendance plans using the Panorama platform.**
