What is a Compact?

A compact is an agreement that parents and families, students and teachers develop together. It explains how parents and families as well as students and teachers will work together and their responsibilities to make sure all students are reaching academic success.

Jointly Developed

The parents and families, students and teachers of Bradley Academy developed this compact. Teachers suggested home learning strategies, parents and families added ideas to make them more specific and students told us what would help them learn. Meetings and events are held each year to review the compact, make changes if necessary, and approve the compact.

Communication About Student Learning:

Bradley Academy is committed to frequent two-way communication with parents and families about student learning. Some of the ways you can expect us to reach out to you are:

- *Class Dojo
- *Class newsletters
- *Teacher notes or phone calls
- *Parent-Teacher conferences
- *School Messenger

Do you have questions about your student's progress?

Contact your student's teacher by phone (615-895-2672) or email to request a conference or more information about your student.

Teachers, families, students Together for Success

At School

- Teachers will use high quality instructional materials such as EL Education and iReady math.
- Offer a Family Math & Literacy Night to provide Bradley Academy Families a night of interesting texts along with activities to promote a love of reading and an opportunity to apply math skills while playing fun & engaging games.
- Teachers will communicate at least 3 days each week through the agenda.

Students:

- Read every night for at least 20 minutes.
- Use websites such i-Ready math to complete practice assignments and activities for at least 45 minutes each week.
- Complete assignments with my parents or family and mark the math problems and ELA questions that I do not understand.
- Use strategies I have learned to check my understanding of the text or math problems.
- Show my agenda to my family.

At Home

- Help with my student's academic success by establishing a time and place to support learning at home.
- Have conversations with my student about their classwork and what they are learning to ensure their understanding.
- Have student work on recommended websites to learn new math and ELA strategies such as i-Ready math.
- Consistently respond to school level communication in the agenda.
