ROXBURY PUBLIC SCHOOLS Intervention Strategies

NJGPA-A, Data-driven Overall Adjustments

- **Revise curriculum** to embed target standards where students demonstrated decreased performance.
- **PLCs and department meetings** to analyze and synthesize the standards and evidence statements, which give specific details of the students' specific knowledge and skills that students need to master and demonstrate
- **Leverage LinkIT and IXL** assessment platforms to gather critical feedback on student performance in real-time.
- **Increase student experience** and familiarity with format/type of questions included on the NJGPA-A/NJSLA-A
- **Increased Contact Time** due to the new bell schedule allows for more instruction time
- **Increase targeted and differentiated instruction for ELL students.**
