

How to Read the IPS Zone Map

Indianapolis Public Schools has a diverse network of schools across Indianapolis. This [map](#) will help you understand the options available to you.

IPS Network: The IPS network includes both direct-managed and Innovation charter partner schools. IPS manages enrollment and bus transportation for direct-managed schools. Please contact Innovation schools directly for transportation and enrollment support.

IPS School Types: IPS offers a variety of education models at the elementary and middle school-level, including Dual Language, Exploratory, High Ability, International Baccalaureate (IB), Montessori, Reggio-Inspired, STEM, and Visual and Performing Arts. IPS high schools offer rigorous academic tracks like International Baccalaureate (IB) and Career & Technical Education (CTE) pathways in healthcare, technology, the arts, and more.

IPS Residential Zones: IPS has four (4) zones with 10-12 schools each. Students are eligible for IPS transportation to any school within the same zone as their home address, as long as students live outside of the school’s [Walk Zone](#). IPS transportation for eligible high school students that live outside a school’s [Walk Zone](#) will be either an IPS yellow bus or an IndyGo bus pass.
