The SS4A project is a community initiative focused on improving roadway safety for all users, including students, parents, pedestrians, bicyclists, and drivers. Through this effort, we are collecting public input to identify traffic safety concerns, dangerous intersections, speeding issues, and opportunities for safer walking and biking routes throughout our community.

HELP MAKE CENSUS TRACT 113.0 SAFER

University of West Alabama & City of Livingston Safe Streets and Roads for All (SS4A) Safety Action Plan

The University of West Alabama, the City of Livingston, and Allen Engineering and Science are developing a transportation safety plan to reduce serious crashes and improve safety for everyone who travels within Census Tract 113.0 of Sumter County, Alabama.

Tell Us:

- Where do you feel unsafe driving, walking, or biking?
- Where do you see speeding or traffic concerns?
- Which intersections or roadways need improvement?
- What transportation improvements would make the area safer?

Help **Child Find** Locate Children with Disabilities

What Is **Child Find**?

Child Find is a statewide effort by the Alabama State Department of Education and the Department of Rehabilitation Services to locate, identify, and evaluate children with disabilities from birth to age 21.

How Does **Child Find** Work?

Early Intervention and Special Education Services work closely with community service agencies, parents, and local school systems to locate children with disabilities. A toll-free number is provided for parents or other persons interested in information about referring a child from birth to age 21.

Why Is **Child Find** Important?

It helps the child, the family, and the provider to plan appropriate services and link families to services for students meeting eligibility requirements in the following disability areas:

- | | |
|---------------------------|----------------------------------|
| ■ Hearing Impairment | ■ Speech and Language Impairment |
| ■ Deaf-Blindness | ■ Visual Impairment |
| ■ Intellectual Disability | ■ Specific Learning Disabilities |
| ■ Multiple Disabilities | ■ Autism |
| ■ Orthopedic Impairment | ■ Traumatic Brain Injury |
| ■ Other Health Impairment | ■ Developmental Delay |
| ■ Emotional Disability | |

For more information about **Child Find**,
contact your local school system, local
coordinating council, or call
