Getting Started

www.calstate.edu/apply

The screenshot shows the CSU 'Go From Here' application page. The header includes the CSU logo, navigation links ('Why Choose the CSU?', 'How to Apply', 'Our Students', 'For Counselors', 'FAQ'), and a prominent red button labeled 'Start Your Fall 2027 Application'. The main content area features a background image of a construction worker in a green hard hat and safety glasses, looking up in a forest. Overlaid on this is the text 'Go From Here' and 'The CSU unlocks opportunity with affordable degrees that lead to careers.' Below this is a dropdown menu set to 'Fall 2027' and a red 'Apply Now!' button. A large pink speech bubble with the text 'Fall 2027' is positioned on the right side of the page. The bottom of the page has a white silhouette of a city skyline.

You must select at least one program to begin your application. Use the search filters on the left to locate programs by **Campus Name**, **Start Term**, **Delivery**, and **Source**. When using the Search field, results are limited to matching on program name or organization (i.e., Fullerton Undergraduate). You can add additional programs on the Add Program page at any time before the submission deadline.

Due to CSU enrollment pressures, campuses may offer very limited Lower Division and Second Baccalaureate programs. Be sure to review campus-specific program [dates and deadlines](#).

Application fees for some undergraduate programs may be waived based on [eligibility](#). Once you fully complete your application, click Submit Application to review your fee waiver status.

Programs with a Source of Extended Education are offered by Extended and Continuing Education on each campus. Programs offered through Extended Education are not eligible for automatic application fee waivers and may have different tuition and fee structures.

Alternate Programs: After you select a program, you will be prompted to choose an alternate program in case your first-choice program reaches capacity. For some campuses this is optional, and if you prefer not to select one, you can opt out. To do so, click Add Alternate Program and then click Opt Out.

Colleges Attended

Report all colleges and institutions attended, regardless of:

- Their relevance to the programs you're applying to, and
- Whether the coursework completed there was already transferred to another institution.

If you took courses during high school for college or university credit, be sure to report those institutions.

Also, report each institution only once, regardless of the number of degrees earned or gaps in the dates. For more information, see the [Applicant Help Center](#).

Guidance for Applicants with International Credentials

If you attended or are currently attending an institution outside the United States or Canada:

- Contact your CSU campus(es) first to learn their international evaluation requirements. Not all CSU campuses accept foreign credential evaluations, so it is important to confirm with the campus before ordering an evaluation service.
- If the CSU campus accepts unofficial transcripts, you can upload it along with an evaluation service.
- If they require a foreign credential evaluation, you can order one from World Education Service, or another credential evaluation service.

Note: Once you submit your application, you cannot edit previously entered college information.

High School Coursework

Review the instructions below very carefully. Failure to follow instructions will ultimately impact your admission decision.

Report all courses that are designated A-G college preparatory subjects. Do not include non-credit courses such as physical education.

California high school students: course title options appear once you type the first few letters. If the course does not appear, return to the **High Schools Attended** section and confirm that your high school is listed. If your high school courses can be entered manually if needed (i.e., out-of-state high schools, incorrect course titles, etc.), California high school students to use the available course titles to ensure the coursework is entered correctly in the section.

Be sure to add any math (algebra or higher) and/or language other than English courses completed in middle school and continued into 9th grade to receive consideration. You can then assign the course to the A-G area you are unsure which A-G area your course falls under, visit the [A-G Course List](#).

If you took a course for only one term, select **No Course** for the term you will not earn credit for.

If you completed college courses while in high school, report those courses in the College Courses section. If you did not complete college courses while in high school and do not see the college coursework section available on your Profile and ensure you indicated that you completed college coursework while in high school.

Visit the [Applicant Help Center](#) for more information.

Once you submit your application, you cannot edit this section.

Reporting repeated courses

Any course may be repeated so long as the course curriculum is the same or similar to the original course. Course titles can have the same or similarly named course titles (e.g., English 9 or English 1).

- If you repeat a course, only enter the course once with the highest grade earned.
- If the repeated course is planned or in progress, enter the course with the original grade earned and enter the course a second time as planned or in progress.
- If you remediated a different course (i.e. Honors English vs English) you will include both courses and grades.

Note: Courses like journalism, band/orchestra, film production etc. that are repeatable for credit and meet A-G requirements can be reported on the application multiple times. Ignore the repeat credit warning when submitting the application.
