A Big Surprise for Mustang Nation

Nike, Jordan, and special guests create an unforgettable experience for North Shore student-athletes and the community.

Excitement filled the North Shore Senior High School (NSSH) Fieldhouse as Nike and Jordan brought an unforgettable experience to Mustang Nation on October 20. From a surprise varsity football team reveal to an evening community tailgate, the event celebrated student-athletes, school spirit, and the strong connections that make Galena Park ISD (GPISD) a Great Place to Be!

The celebration began inside the North Shore Fieldhouse, where varsity football players were met with a special surprise. Their lockers had been transformed, and new Nike and Jordan gear was waiting for them. Players received gloves, new cleats, a chain, compression gear, and a Nike Tech suit. A North Shore-themed slab car used to bring in the gear added another unique touch to the reveal.

The surprises did not stop there. Houston Texans quarterback C.J. Stroud joined the celebration and spoke to the student-athletes. Having a professional football player spend time with the Mustangs added another memorable moment to an already exciting experience.
