GPISD Administration Celebrates Unity Day

Orange filled the Galena Park ISD (GPISD) Administration Building on Wednesday, October 21st, as administrators and staff proudly celebrated **Unity Day** in recognition of **Bullying Prevention Month**, standing together in support of kindness, acceptance, inclusion, and belonging.

By wearing orange, GPISD Administration team members showed their commitment to creating welcoming environments where everyone feels valued and respected. The bright color served as a meaningful reminder that each of us can help prevent bullying by choosing kindness and standing together.

Unity Day also reflects the spirit of GPISD's **Think Big** theme. Building **Big Connections** begins with respecting others, celebrating differences, and making sure everyone knows they belong. These everyday actions can make a **Big Difference** across our schools, workplaces, and community.

At GPISD, unity is more than wearing the same color for a day. It means creating a culture of kindness, respect, and belonging where everyone has a place to shine. That's what makes GPISD a **Great Place to Be!**
