

GRADUATION CEREMONIES

In order to graduate from Ticonderoga Central School District, a student must complete or may exceed the requirements set forth in Part 100 of the Commissioner's Regulations. The Board reserves the right to establish requirements for graduation which exceed the minimum standards as defined by the New York State Regents.

All students who have completed District and NYS graduation requirements may participate in graduation (commencement) activities according to established procedures.

However, students may be denied participation in the graduation ceremony and related activities as a consequence of violations to the Code of Conduct. The Building Principal, in conjunction with the Superintendent of Schools, may set other rules and conditions for participation in the graduation ceremony and related activities. Students who have met the requirements for a diploma but are barred from participating in the graduation ceremony will be given their diplomas separately.

A student denied participation in the graduation ceremony may appeal to the Superintendent of Schools for reinstatement. Such appeal must be made in writing, demonstrating a pattern of improvement.
