Science- Exploring Color and Light

SUPPORTING YOUR STUDENT AT HOME

We are learning to be independent at school. Help your child practice putting on his or her coat, shoes and other seasonal items such as hats, gloves and mittens. It won't be long before we need them to play comfortably outside. Practicing a little each day builds independence and confidence!

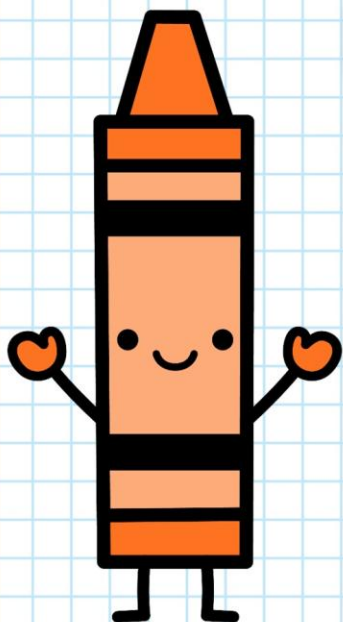

FOR YOUR INFORMATION

- Fall is here! Please send a sweatshirt or coat each day for outside play. We also ask that you send in an **updated seasonal change of clothes** to be kept here at school.
- Thank you for the caps and lids, we were able to build a huge collection to sort and learn with. We are no longer collecting caps at this time.
- All students need a pair of headphones for computer use each week, if you need a pair for your child, please let us know. We are happy to help.
- We are making letter books and are in need of the following donations that you might have at home: newspaper, old puzzles, fabric, yarn, old keys, straws, ribbon, sequins, seeds, colored table, cotton balls, jewel stickers, wagon wheel pasta, star stickers and colored tape. Please send in any time, we will be collecting throughout the year.

Thank you for the generous donations for our class! Our class wish list is available below:
