HEB ISD
HURST-EULESS-BEDFORD

LEGISLATIVE PRIORITIES
90TH SESSION

Hurst-Euless-Bedford Independent School District (HEB ISD) values students, families, teachers, staff, and taxpayers who are stakeholders in our North Texas community. We are a continuous improvement school district and believe decisions related to education should be made through the lens of **educational opportunity, meaningful accountability, and clear expectations.**

The HEB ISD community calls on the Texas Legislature to fully fund public education through consistent increases to the basic allotment that account for inflation, while giving locally elected school boards the flexibility to direct funding where it is most needed to meet district needs.

The Texas Legislature will fulfill its constitutional obligation and sufficiently fund:

SAFE AND SECURE LEARNING ENVIRONMENTS

State requirements for **personnel and infrastructure** on every campus are not fully funded, leaving HEB ISD **underfunded** by at least **$1.6 million** annually.
