School Improvement Goals

GOAL #1 SY 2026-2027:

By Spring 2027, 75% of freshman students will earn at least 6 credits, demonstrating on track progress towards graduation. This is a 7% increase from our 25-26 school year. Progress will be monitored through early warning indicators for at-risk students such as attendance, course grades, and advisory academic support program participation. Progress will be assessed monthly by our MTSS coach and shared with staff.

Date	9th grade population	# 9th graders at risk	# At risk English	# At risk Math	# At risk History	# At risk Science	# At risk Language	# At risk Arts	Percentage on track to earn 6 credits
9/18/2026	206	92	23	31	6	56	1	1	55%
10/12/2026	208	87	49	37	10	44	1	6	59%

School Improvement Goals

GOAL #2 SY 2026-2027:

By Spring 2027, 65% of students will demonstrate more than a typical year's growth on the i-Ready ELA diagnostic assessment from Fall to Spring. This is a 10% increase from the 25-26 school year. Progress will be monitored by comparing student's 26-27 iReady ELA diagnostic assessment benchmark scores from Fall to Spring. Based on i-Ready high school Norms tables, students will need to make at least 13 points growth.

Activities to target goals: Monitoring (Admin, MTSS, Counselors, GearUp), AVID: Focus on Executive Functioning (Monday morning week @ a glance, planners), and Building Relational Capacity (all teachers in the halls between passing, activities); Peer Tutoring, Link Crew, Class Meetings, 9th Grade Check-ins with GearUP, monthly meeting with resource teachers & principal, athletic 6 week grade checks
