What is it?	Braeburn Elementary's Mission: Together, we ensure every child, every day experiences high-quality instruction, meaningful relationships, and the support needed to learn, grow and succeed. A way to accomplish this is by continuing to participate in the Title I, Part A State Program, which provides funding to schools serving a high percentage of students from low-income families. In return, we commit to meeting and exceeding the expectations established by the Texas Education Agency and the U.S. Department of Education.
Funding	Title I funds will be used to support meaningful parent and family engagement opportunities. Programs, activities, and procedures will be developed and implemented in partnership with parents and families, ensuring their input plays an important role in supporting the success of participating students.
Review	The use of funds and related activities may be reviewed by the Texas Education Agency, as appropriate, to help ensure alignment with the goals and requirements of the Parent and Family Engagement (PFE) Program and the needs of the families it serves.
Family Meetings	With communication being a vital factor in a successful relationship with parents and families, Braeburn will consistently communicate through our main hub of communication, Parent Square. This will also provide information and invites to upcoming in person events. These events will be Annual Title 1 Meeting Fall Semester Title 1 Meetings Spring Semester Title 1 Meetings
How to Be Involved	Please join our PTO, visit our school office for more information. Our PTO is very active in many of our ongoing campus events. Also sign up for up coming field trips through the Raptor system. Contact our At Risk representative Ms. Ortiz in our main office. She hosts a variety of parent focused trainings. Keep up with teacher communication through Parent Square communication to be up to date on a daily basis.

Braeburn Elementary

Parent and Family Engagement Policy

LEAs and Schools need to ensure they meet the needs of their community.

Family Trainings/Activities	Family trainings provide opportunities for families to gain valuable knowledge, resources, and skills through learning experiences led by fellow parents, community members, and educators. Braeburn Elementary

Parent and Family Engagement Policy

LEAs and Schools need to ensure they meet the needs of their community.

Curriculum	Braeburn Elementary implements the curriculum resources and instructional materials developed by the HISD Curriculum Department. We also use Amplify, the Clever platform, including Summit K12, Zearn, DXL, Amira, My Math Academy, Renaissance and other district-approved programs.			
Forms of Academic Assessments	State testing such as kinder to 5th grade we use TELPAS, and STAAR covers 3rd grade to 5th grade. District driven assessments come in the form of Dibels, DOLs, Unit Assessments, Beginning of the Year, Middle of the year, and End of the year testing.			
Expected Achievement Levels on Academic Assessments	Braeburn students are taught to follow their progress on cards that provide target points with each BOY, MOY and EOY in school wide MAP testing. Working with this evolving data, teachers and administrators track the growth and learning of each student.			
Ways to Request Regular Meetings	Families can communicate questions, suggestions and concerns at our previously mentioned meetings. Meetings with teachers and/or administrators are done through the Parent Square app or email.			
School-Parent Compact (See separate School-Parent Compact template for guidance)	The School's Responsibility	The Guardian's Responsibilities	The Student's Responsibilities	On-Going Communication
	As an educator, I devote my efforts to being prepared, present, and ready to receive my students. Utilize the tools and standards provided, as well as accommodate my class to allow learning to reach all levels. Always be aware that every step we take becomes part of our students' process. Recognize the importance of staying in communication with parents. Provide time to share information about what is going on at school to draw a picture of the student away from home. Celebrate the diversity of the class.	As a parent, I will support the high achievement habits of being prepared before we leave the house. Working to set a schedule at home to provide norms that will structure learning long term. Leave the house on time and in dress code. Monitor personal communication devices and make sure they are monitored at home and not being abused at school. Provide time to communicate about the school day. Be a role model of a respectful person. Keep up with communication with school and teachers. Sign all required forms and return them as soon as possible.	As a pupil, I understand that being successful relies on me: Arriving at school on time, well-rested and prepared. Committed to following school rules and the norms of the classroom. Be responsible for my day, be determined to be open to opportunities to better my intellect and turn any failure into a pathway towards achievement. Cultivate and draw from the strength of getting to know my peers and adults and understand their importance.	Together, we ensure every child, every day, experiences high-quality instruction, meaningful relationships, and the support needed to learn, grow, and succeed. Daily use of ClassDojo helps students know how they are doing in their relationship to school expectations, in the classroom, and with each other to cultivate a multidimensional student. Parent Square provides extensive news and is also a two-way communication for parents and teachers.
