

What is a School-Parent Compact?

A school-parent compact serves as a conduit for conveying shared goals, expectations, responsibilities, visions, and best practices between teachers and families. By establishing a binding agreement between the school and home, the compact fosters a collaborative environment to work harmoniously towards the betterment of each child.

Jointly Developed with Parents/Guardians

The school-parent compact was developed through collaborative efforts among parents/guardians, students, and staff. Teachers actively engaged with their subject area teams to devise practical strategies for parents/guardians to implement at home. Valuable feedback from parents/guardians regarding their needs in supporting their students was provided. Additionally, students contributed their ideas as well which were incorporated into the compact.

To ensure its effectiveness, annual meetings are conducted to assess and modify the compact based on the school's academic achievement goals and the evolving needs of the students. Parents/guardians are encouraged to offer feedback on the compact throughout the school year, with all input being collected and reviewed during the yearly revision meeting with parents/guardians.
