Code of Student Conduct

Georgia law requires the Greene County School System ("GCSS") Board of Education to have policies "designed to improve the student learning environment by improving student behavior and discipline." These policies must include a Code of Student Conduct ("Code") that contains standards for student behavior and discipline consequences. This Code also states the GCSS's guiding principles on school culture and climate through implementation of the Positive Behavioral Interventions and Supports ("PBIS") framework in each GCSS school and through the use of objective, consistent, equitable, and progressive discipline when necessary. The Code will be taught by all teachers during the first two weeks of school. All students will receive a copy of the Code in their agendas and parents have access to the Code through the school district website at https://www.greene.k12.ga.us/.

Guiding Principles

The Greene County School System is committed to providing a safe and orderly environment and believes a positive school climate promotes a productive learning environment. Greene County schools use a PBIS framework to approach behavior and student discipline in a preventive manner. PBIS is an evidence-based framework that assists school teams in improving the quality of the school experience for all stakeholders. All Greene County schools have developed an individual PBIS plan that strives to teach students expected behaviors and acknowledges students when they are successful.

This Code is comprised of policies, rules, and expectations by which order is established and maintained for the benefit of all stakeholders. Discipline within a school must have the qualities of objectivity, consistency, and equity. It is the responsibility of all school personnel, students, parents, external stakeholders, and the greater community to ensure the school environment encourages a climate conducive to learning.

This Code is intended to be an instructive policy based on interventions and supports for students. However, when consequences are warranted, they shall be implemented based on a system of progressive discipline. Minor infractions and first offenses have less serious consequences than major infractions and repeat offenses. Factors such as age, grade level, social, emotional and intellectual development, and overall student rights and responsibilities shall also be considered. Disciplinary issues will be resolved by every means possible prior to exclusion from school. Equitable and reasonable procedures will be followed to assure students of their rights.

Greene County School System expects all stakeholders to demonstrate mutual respect for the rights of others. It is expected that all involved in teaching and learning fully accept their responsibilities to model and practice the Guiding Principles: Participate Fully in the Learning Process, Contribute to a Safe and Productive School Environment, and Show Respect for Yourself and Others. Student Conduct and Behavior

All GCSS students are expected to:

- Participate fully in the learning process. Students should report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, complete assignments to the best of their ability, and avoid disrupting the learning environment.
- Contribute to a safe and productive school environment. Students should comply with expected behaviors and avoid behaviors prohibited by the Code of Student Conduct.
- Show respect for yourself and others. Students should respect the knowledge and authority of teachers, administrators, and other school personnel. Students should follow directions and use acceptable and courteous language.

Positive Behavioral Interventions and Supports (PBIS)

Our commitment to a preventive approach to student behavior is reflected in our use of Positive Behavioral Interventions and Supports ("PBIS"). PBIS is an evidence-based framework that assists school teams in improving the quality of school life, otherwise known as "school climate." Every GCSS school has developed an individual PBIS plan designed to create a positive school climate. PBIS is an evidence-based framework that assists school teams in implementing systems change. In general, the

plans focus on (a) teaching expectations at the beginning of each year and re-teaching as needed, (b) acknowledging when students meet behavioral expectations, thus improving motivation and engagement, and (c) examining when, where, and why misbehaviors are occurring to find solutions and address unmet needs. PBIS plans focus on preventing problems by teaching expectations at the beginning of each year, reviewing expectations as necessary, and treating minor misbehavior as a learning opportunity. Teaching desired behaviors to reduce misconduct as much as possible is based on three principles:

- All behavior is learned;
- Any repeated behavior is serving a purpose for the student; and
- Student behavior can be changed.

Confidentiality Regarding Discipline

Confidentiality is an important part of student discipline. Federal and state law requires GCSS to protect the confidentiality of individual student information including any disciplinary action. In some circumstances, a student may be involved in a behavior incident that includes other students. GCSS may not provide information to parents about disciplinary actions imposed on students other than their own.

Scope of Code of Student Conduct

The Code of Student Conduct applies:

- On school property, including on school buses and at school bus stops in the community
- Off school property while attending and/or traveling to or from a school-related activity, function, or event
- Any conduct of a student outside of school hours or away from school, which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which, disrupts the educational process. This may include conduct outside of school via social media. (O.C.G.A.§20- 751.5(c)).

Student conduct on school buses is a very serious matter. Of particular note:

1. Students shall be prohibited from acts of physical violence, bullying, battery or physical assault, or verbal assault of other persons on the school bus; disrespectful conduct toward the school bus driver or other persons on the school bus; or other unruly behavior (O.C.G.A.§ 20-2-751.5(b)(1)(A)).
2. Students shall be prohibited from using any electronic devices during the operation of a school bus (including cell phones, audible radios, headphones, or any other electronic device) in any manner that might interfere with the school bus communications equipment or the school bus driver's operation of the school bus.
3. Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

Giving or receiving information can include, but is not limited to, directly copying information from another source (plagiarism), talking, signaling, failing to cite proper documentation or authorship, using someone else's research, logging on to school software programs and completing work under someone else's name, or other similar activities. The GCSS Code delineates the consequences for academic dishonesty.

found in the school, found on the school grounds, or found on the school bus. Students are advised not to handle found items, but to report items to an adult immediately.

Bus Safety Regulations & Transportation Procedures

Discipline problems generally fall into two (2) categories:

1. General violations to bus conduct rules
2. Serious misconduct.

General Violation of Bus Conduct Rules

Behavior in this group includes, but is not limited to, the following types of action:

1. Failure to remain seated
2. Loud and /or disruptive behavior
3. Bothering other students and/or their belongings
4. Disrespectful behavior to driver
5. Extending arms, legs, or feet out of bus window
6. Eating or drinking on the bus

First Offense - Driver verbally warns students and documents actions on a Bus Courtesy Notice. Report and contact parents, and maintain copies at all times.

Second Offense - Driver counsels privately with student and documents actions on Bus Courtesy Notice. Report and contact parents, and maintain copies at all times.

Third Offense - Driver reassigns student a seat, documents actions and submits Bus Conduct Report to school officials, along with proof of courtesy notices for offense 1 and 2.

Subsequent Offense - Driver completes and submits Bus Conduct Report to school officials.

Serious Misconduct

A Bus Conduct Report should be issued each time an incident occurs which endangers the safety or well Being of others and/or causes damages to the bus. This includes, but is not limited to, the following.

Types of Actions:

1. Instigating a fight on the bus
2. Physical or verbal abuse of the bus driver or passengers, i.e. vulgar language, threatening actions etc.
3. Vandalism of the bus
4. Possession of controlled substance, alcohol, tobacco, or dangerous weapons on the bus.
5. Igniting an incendiary object on or throwing it into a bus
6. Any action which may potentially constitute a serious threat to the safety and/or well-being of others.

Authority of School Leaders

The Principal is the designated leader of the school and, with the staff, is charged by the Superintendent with the safe and orderly operation of the school. In case of disciplinary violations not covered by this Code, the Principal may impose reasonable corrective measures which he or she believes to be in the best interest of the student involved and the school. The Progressive Discipline Guide contained herein is a guideline for school leaders to use when providing interventions and responses for student misbehavior. Based on the circumstances of a disciplinary violation, Principals have the authority and discretion to impose consequences ranked higher or lower or outside of the Progressive Discipline Guide than indicated for each behavior except in cases where state law requires certain actions.

Authority of the Teacher

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law. Each teacher shall comply with the provisions of O.C.G.A. § 20-2-737 which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the code of student conduct. Such report shall be filed with the principal or designee on the school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within one school day after receiving such a report from a teacher, send to the student's parents or guardian a copy of the report and information regarding how the student's parents or guardians may contact the principal or designee. The principal or designee shall notify in writing the teacher and the student's parent/guardian of the discipline or student support services which has occurred.

Prevention and Progressive Discipline Actions

The prevention of student misbehavior by teaching appropriate behaviors is always preferable. The GCSS takes a school-wide approach to promoting positive behavior. The district strives to infuse social emotional learning into a culturally responsive curriculum that engages students. Faculty and staff meet regularly to ensure a comprehensive student support program is in place including counseling services, opportunities for social-emotional learning, student engagement opportunities, and behavioral supports to encourage and motivate pro-social student behavior and positive connection to the school environment. All schools have systems in place for early identification of students in need of intervention and/or support services.

Despite these intervention and supports, it is developmentally appropriate and expected that there will be a need for discipline as students move through childhood and adolescence. When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

This Code provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with appropriate behaviors. Disciplinary actions that may be imposed include, but are not limited to: warning and/or conferencing

with a teacher, administrator, or counselor; loss of privileges; parent notification or conference; detention; in-school suspension; short-term suspension; or placement in an alternative education setting. The maximum punishment for an offense includes long-term suspension or expulsion/permanent expulsion. Maximum punishments will be determined only by a disciplinary tribunal as outlined in the Board of Education policies.

Progressive discipline means the interventions and responses become more and more serious, if student misbehavior continues. The GCSS progressive discipline model is divided into levels. Each level represents progressively more serious misbehavior and discipline responses. The level of response imposed shall be based on the severity of the misbehavior and should be used in a graduated fashion. For example, Level 1 responses should typically come before Level 2 responses, and if behaviors continue, staff should increase the disciplinary response.

The most serious discipline consequences that can be imposed on a student is out of school suspension (OSS) or expulsion. It is the practice of GCSS, that OSS or expulsions will only be used (a) if prior less serious responses have been used, but have not been successful in correcting the student's behavior, (b) if suspension is necessary to assure the safety of the student or others, (c) if suspension is necessary to allow continuation of the educational process, or (d) if suspension is required by law. Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

Levels of Infractions

Violations of the Code of Conduct are grouped into four levels (Classroom-Managed, Level 1, Level 2, and Level 3). Before determining the level of a violation, the principal or assigned administrator will review the facts and consult with individuals necessary to make this determination. In the case of a student with an IEP/504, which is a legally binding document, this document shall be reviewed. All Behavior Intervention Plans (BIPs) contained therein must be addressed. Please refer to the Georgia Board of Education Rule 160-4-7-10 – Discipline, if clarification is needed. Once the level of the violation has been determined, appropriate disciplinary procedures will be implemented.

For minor Classroom-Managed behaviors, the teacher will use research based interventions for positive behavior support, and where appropriate, will contact the student's parent(s) or guardians(s). If the student's behavior does not improve, or the disruption is severe, or when local Board of Education policy or state or federal law has been violated, a referral will be made to the principal or assigned administrator. Misbehavior on the bus may be treated in the same manner as misbehavior in the classroom or on school property. Riding the school bus is a privilege, not a right.

Administrators will follow a progressive discipline process whenever discipline is to be imposed, including bus misbehavior. However, the degree of the discipline to be imposed for any violation, including the first time a student had committed a disciplinary infraction, will be in proportion to the severity of the violation. When considering the discipline to be imposed, administrators will take into account any and all relevant factors to assure that the appropriate degree of discipline is imposed. These factors include: the seriousness of offense, the student's prior disciplinary history as part of the permanent record; the degree of pre-meditation, impulse of self-defense, the student's age, and/or

disability, and the student's attitude and willingness to cooperate.

Offenses severe in nature will be referred to the district's Discipline Liaison. The Discipline Liaison reviews documents submitted and in compliance with the district's code of conduct makes the determination of whether a tribunal hearing should be held or if a waiver is appropriate. A Hearing Officer will preside over the tribunal hearing and determine whether the student should be assigned to the Alternative Program, suspended, or expelled. For the purpose of this Code, minor offenses will be defined as behavior that temporarily impedes instruction. Major offenses will be defined as behavior that stops instruction. The violations, for which referral to the school district's Hearing Officer will be made include offenses listed in Level 2 which are serious in nature and offenses listed in Level 3. In some situations, parents will be given the option to waive the Student Due Process Disciplinary Hearing from the Discipline Liaison. The Discipline Liaison will obtain a recommendation from the school and apply it to the waiver. The parent will be contacted by the Discipline Liaison to complete the waiver process.

Students are reminded of restrictions during disciplinary action. Students shall not be allowed to participate or attend any school sponsored activities including, but not limited to school dances, athletics, and marching band and are restricted from attending any school events where Greene County students are guests during the period of time that they are being disciplined through an assignment to In-School Suspension (ISS), OSS, Alternative School, or Expulsion. A roster will be provided to the Athletic Department, SRO's and other designees to curtail restriction violations. Further, the student may not enter into any GCSS building or onto property owned and operated by the GCSS. Failure to comply with this restriction may result in the student being arrested for trespassing and could result in expulsion from GCSS.

Teachers and administrators will report to the principal the names of students who have committed aggravated assault with a firearm, aggravated battery, sexual offenses, and possession of a deadly weapon and commission of drug offenses. Such students will be reported to the Superintendent, School Resource Officers, and the District Attorney as required by O.C. G.A. § 20-2-1184. These students are also restricted to their assigned campus unless otherwise approved. NOTE: Students in grades K-5 are subject to the Code, and may be referred to the District Discipline Liaison where appropriate.

For the purpose of this Code of Conduct, Levels of Infractions will be defined as below:

Classroom-Managed. These behaviors are minor and occur in the classroom and/or in other settings throughout the school. These behaviors are handled by the teacher or staff member in charge. These behaviors are not typically referred to the office unless they are excessive in terms of damage, loss, disruption, or injury whereupon, they become a Level 1 event (or higher). Any Classroom-Managed behavior that shows a pattern of repetition in spite of teacher intervention will be referred to the office as a Level 1 (or higher at the Principal's discretion).

Level 1. These are Classroom-Managed or state-coded(see page_____of this Code for definitions and examples) behaviors that have become excessive in terms of damage, loss, disruption, injury, or show a pattern of repetition in spite of teacher intervention. These behaviors will result in an office referral as a Level 1 (or higher at the Principal's discretion).

Level 2. This is the category of moderate to major offenses and are behaviors that cannot be managed in the classroom. These behaviors result in referral to the office for administrative action. The

administrator will choose actions based on the facts generally following the continuum in the Progressive Discipline Guide. Repeat behaviors will result in increasing penalties and may be handled as Level 3 behaviors. Behaviors that are excessive in terms of damage, loss, disruption or injury become Level 3 events.

Level 3. This is the category of serious offenses. It includes dangerous, defiant, and highly disruptive behaviors. Repeated behaviors at Level 3 may result in recommendation to an alternative program or expulsion. This category includes repeated fights or assaults, assault on a staff member, possession of deadly weapons and sale or transfer of drugs. In addition, these behaviors may result in action by law enforcement, charges being filed and/or in expulsion from the GCSS.

The charts on the following pages outline the classroom and administrative actions taken for the Levels of Infractions explained above. Complete GaDOE definitions and examples of all behaviors included herein are provided on page 32 of the Code.

Classroom-Managed

Classroom-Managed. In an effort to fully implement (PBIS) and reduce the loss of instructional time, the GCSS expects that each school will utilize a wide variety of corrective strategies and actions. Teachers must utilize and document a **minimum of three** research-based interventions prior to writing and submitting a discipline referral on a classroom-managed behavior.

CORRECTIVE STRATEGY	***DESCRIPTION - Responses are delivered in a calm, consistent, respectful manner***
Redirection	Restate the desired behavior using specific directions that prompt or alert the student to stop the undesired behavior and engage in the desired behavior.
Reteach Expectations	State and model the behavior. Have the student demonstrate. Provide immediate feedback.
Provide Choice	Provide choice(s) to complete task in another location, order of task completion, alternate supplies to complete the task, or for a different type of activity that accomplishes the same instructional objective. Choices should lead to the same outcome.
Planned Ignoring	Deliberate and consistent teacher inattention to the occurrence of the undesired behavior(s). Reinforce appropriate behaviors.
Conference With Student	Private time with a student to discuss behavior interventions/solutions. This can include direct instruction of expected or desirable behaviors: describe the problem; describe the alternative behavior; tell why the alternative is better; practice; provide feedback.
CLASSROOM ACTIONS	***DESCRIPTION - Actions are delivered in a calm, consistent, respectful manner***
In-Class Time-out	Predetermined consequence for breaking classroom rules of short duration (ten minutes or less, usually separated from group, but remains in class) or brief withdrawal of attention and other reinforcers (a time for student to reflect on his or her action). Time-out procedure must be taught to students before implementing.
Conference With Parent(s)	Teacher communicates with student's parent(s) through a telephone conversation, email, written notes, or in person about the problem.

Out-of-Class Time-out	Student is assigned to another supervised environment for a period of time-out (i.e., another classroom), slightly longer duration than in-class time-out (30 minutes or less). Time-out procedure must be taught to students before implementing.
Corrective Assignment/ Restitution	Student completes a task that compensates for the negative action and triggers a desire not to revisit the negative behavior. (*i.e.,* cleaning-up, helping another person).
TeacherDetention	Required attendance for a monitored period of time, generally after/before school or during lunch.
Privilege Loss	Incentives given for positive behavior are lost, (i.e., five minutes off computer free time).
ClassroomSuccess Contract	Student, teacher, and parent(s) may formulate a document expressing the student's intention to remediate or stop further occurrences of a problem behavior. Written contract should be positive in tone and it should include incentives, but may also include consequences for misbehavior.

Definitions of Administrative Discipline Actions

Most instances of unacceptable behavior are addressed through positive behavioral interventions and supports. When such strategies fail to correct student behavior, students may be subject to alternative disciplinary procedures. This section describes short-term suspension (including ISS and OSS), long-term suspension, Disciplinary Hearing processes, expulsion, and the role of law enforcement on the rare occasions when the student may be subject to legal consequences outside of school-based discipline.

1. **Administrative Time-out** - Temporary removal of a student from his or her regular classroom for the remainder of that segment/period/block. Student remains under the direct supervision of school personnel. Direct supervision means school personnel are physically in the same location as students under their supervision. These time-out settings are typically referred to in schools as *Respect Room*, *Opportunity Room*, or *Admin Time-out*.

2. **Detention** - Disciplinary action consisting of the assignment of a student to a certain area of the school outside of regular school hours (before school, after school, on a non-school day) for one or more school days or the equivalent hours, or the loss of a privilege during the school day (i.e., lunch detention). Due Process Procedure: The parent/guardian must be notified in writing at least 24 hours before the detention. The notification must explain the reason(s) for the detention and inform the parent/guardian that necessary transportation will be their responsibility.

3. **In-School Suspension (ISS)** - Temporary removal of a student from his or her regular classroom(s) for at least half a school day. Student remains under the direct supervision of school personnel. Direct supervision means school personnel are physically in the same location as students under their supervision. Due Process Procedure: The parent/guardian should be notified of the reason(s) and length for the in-school suspension assignment. Students assigned to a school's in-school suspension classroom shall be counted present and shall be required to work on classroom assignments at the direction of in-school suspension personnel. Students assigned to in-school suspension may also be excluded from participation in school-related activities and events.

4. **Out of School Suspension (Short-Term)** - Suspension of a student for ten school days or less (O.C.G.A. § 20-2-751) Note: See Students With Disabilities section below. Due Process Procedure: As part of an investigation of a disciplinary incident, the principal or designee shall:
    a. Tell the student, orally or in writing, the allegation(s) against the student and give the student an opportunity to tell his/her side of the story. If the principal or designee finds the student in violation of the Code of Student Conduct and determines that short-term suspension should be imposed, steps i. and ii. will be followed:
        i. Attempt to contact the parent/guardian by telephone to inform them of the suspension;
        ii. Within one (1) school day after the suspension begins, send the parent/guardian notice by regular mail informing them of the reason(s) for the suspension and of their right to discuss the details of their child's misbehavior with school officials

    b. A principal or assistant principal may suspend a student without notice of the reason for the suspension or an opportunity to provide an explanation if the student is intoxicated, under the influence of drugs, or where his/her presence otherwise poses a continuing

danger to others or a disruption to normal school operations. In such cases, however, the informal hearing outlined above shall occur as soon as practicable.

c. Students who are suspended are barred from all Greene County School System campuses and related activities during the length of their suspension.

5. **Long-Term Suspension or Expulsion -** Long-term suspension means the student loses the right to attend school or participate in school activities for more than ten (10) consecutive days but not beyond the current school quarter or semester (O.C.G.A. § 20-2-751). Expulsion means the student loses the privilege of attending school or participating in school activities for the remainder of the grading period, remainder of the school year or longer. (O.C.G.A. § 20-2-751). Note: See Students With Disabilities section below.
   a. Long-term suspension and/or expulsion may only be imposed by action of the Tribunal, except as provided in cases where a tribunal is required, after the student has been afforded notice, opportunity for hearing and other procedural rights prior to such expulsion or suspension becoming effective. Students under suspension or expulsion are not allowed on school district property or at school related functions/activities. Although elementary school students are subject to long-term suspension or expulsion, this discipline is imposed for only the most severe offences.
   b. In the case of a student of middle or high school age who is suspended for more than ten (10) days or is expelled, the Superintendent or his/her designee may, instead, permit that student to attend an Alternative Education Setting for the period of suspension or expulsion.
   c. Rights of Student Where Long Term Suspension or Expulsion is Recommended
      i. The right to written notice of the specific charges that have been made against the student
      ii. The right to a due process hearing
      iii. The right to be represented by legal counsel at the hearing
      iv. The right to testify and present witnesses
      v. The right to cross-examine witnesses who testify against the student
   d. Due Process Procedure:
      i. The principal or assistant principal must initially recommend long-term suspension or expulsion to the Disciplinary Hearing Officer
      ii. A hearing before the Disciplinary Tribunal will be scheduled as soon as possible but not later than ten (10) school days after the student has been removed from school
      iii. If the hearing date is more than ten (10) school days after the student has been removed from school, and the delay in scheduling is not caused by the student or his parent/guardian, the student may resume attendance to the school at the end of the ten (10) day period
      iv. Written notice will be sent to the parent/guardian by regular mail. This notice shall inform the parent/guardian of the following: the violation alleged; the date, time, and place of the hearing; the names of witnesses; and the punishment recommended. In addition, the notice shall inform them of the right to be represented by legal counsel at the hearing; the right to testify and present witnesses; and the right to cross-examine witnesses presented by the school district
      v. A verbatim electronic or written record of the hearing will be made and will be available to the parent/guardian or legal counsel of the student charged
      vi. If long-term suspension or expulsion is imposed, the parent/guardian will be notified of the decision in writing and of the right of appeal. This notice will be

sent by regular mail within ten (10) days of the completion of the hearing

vii. If there is an appeal, the Superintendent may in his/her discretion temporarily withhold implementation of the suspension or expulsion and return the student to school during the appeal process, but only if this will not endanger others or disrupt normal school operations

e. Appeals - The decision of the Disciplinary Tribunal may be appealed to the Board of Education by the student's parent/guardian.

i. The appeal process begins with a written request for review of the Disciplinary Hearing Officer's decision addressed to the Superintendent. This request must be made within twenty (20) calendar days of the date the decision is rendered

ii. The Board of Education will consider only the record of the hearing before the Disciplinary Tribunal. A transcript of that hearing will be made only upon receipt of a letter of appeal to the Superintendent. A copy of that transcript will be made available in the office of the Disciplinary Tribunal upon request

iii. The Board of Education has the power to uphold the Hearing officer's decision or to find that the student did not violate the Student Code of Conduct. The Board of Education may also reduce or increase the severity of punishment imposed or may impose a different kind of punishment

iv. The decision of the Greene County Board of Education may be appealed to the State Board of Education. Notice of any such appeal must be filed with the Superintendent of the Greene County School System within thirty (30) calendar days of the date the Greene County Board of Education renders its decision. The contents of this notice of appeal and the procedure to be followed before the State Board of Education of Georgia is contained in O.C.G.A.§20-2-1160

Attendance

School attendance is a priority because it highlights the importance of having an education in our society. It also helps students develop good work habits that will carry over in life. Good attendance relates strongly to grades and other measures of academic achievement. The responsibility of school attendance is that of both parents and students. The following steps reflect our commitments to promote the educational progress of all children and families in Greene County and to enforce attendance as required by the O.G.C.A. 20-690.1 for all children in the County between 6 and 16 years of age.

Student enrollment and withdrawal

1. Parents are expected to complete a withdrawal form at the school and return all borrowed technology and other materials if a student is transferring to another educational program.
2. The School Social Worker may become involved when a withdrawal form or records request is not received within five(5) school days from the last date of attendance and/or efforts to contact the parents are unsuccessful.
3. Appropriate school personnel are authorized to withdraw a student who:
   a. Has missed more than 10 consecutive days of unexcused absences;

b. Is not subject to compulsory school attendance; and
c. Is not receiving instructional services through homebound instruction or Special Education.
d. The parent, guardian, or other person who has charge of a student if the school system will be notified if the school plans to withdraw a student under 18 years of age who is not subject to compulsory school attendance.

4. Specific school staff should withdraw a student who is still subject to compulsory attendance if the school discovers that the student no longer lives in Greene County or is enrolled in a private or home school program.

The State of Georgia and Greene County School System both require schools to give parents, guardians, or other persons in charge of each student a written summary of possible consequences and penalties for failing to comply with compulsory attendance. This will be completed by September 1 of each school year or within 30 school days of a student's enrollment in the school system. This information is distributed through the student handbook, for which parents and students over age ten (10) will sign a receipt. Parents are to review and sign the parent notice of understanding concerning the Attendance policy. This signed document will be retained by the school until the end of the school year.

Attendance Definitions

Excused Absences

It is the policy of the Greene County Board of Education to excuse students from school for the following reasons, as directed by Georgia educational rules:

1. Personal illness or attendance in school that endangers a student's health or the health of others.
2. A serious illness or death in a student's immediate family necessitating absence from school.
3. A court order or an order by a government agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.
4. Authorization by high school administrators to allow for eligible students a period not to exceed one day for registering to vote or voting in a public election.
5. The observance of religious holidays, necessitating absence from school.
6. Conditions rendering attendance impossible or hazardous to student health or safety.
7. Out of School Suspension (OSS).
8. A student whose parent or legal guardian is in military service in the U.S. Armed Forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences per school year to visit with his or her parent prior to the parent's deployment or during the parent's leave.
9. College and career visitation days for high school students meeting criteria.

When a student is absent, a **written** statement from parent/guardian or medical provider is required. This written statement must contain the following information:

1. The date(s) of the written statement(s).
2. The date(s) and day(s) of the absence(s).
3. The reason for the absence(s).
4. The signature of the parent/guardian or medical provider.

A maximum of ten (10) absences will excused via parent note per school year. **Phone calls are not accepted as excuses. Parents may submit valid excuses via written note, email, or texting app used to communicate with classroom parents.**
Once parent notes are exhausted, all other absences must be documented medically (e.g. physician's statement) or legally (e.g. court summons) or they shall be unexcused. To waive this requirement, a parent may submit a physician statement specifically indicating that:

1. The student is experiencing a chronic or extended acute medical condition that is primarily managed at home with planned re-evaluation.
2. The student requires intermittent absences from school.

For students meeting either of the exception requirements above, the school will assess the need to develop an appropriate MTSS plan, 504 plan, IEP, or Hospital Homebound service plan to address the student's needs and ensure appropriate accommodations for learning.

Tardies

A student is considered tardy in all schools of the Greene County School System when he/she arrives to homeroom or first period any time after the published school start time or if he/she arrives to a specific class after the second class change bell for each individual class period at the middle and high school grades. Late bus arrivals are the only exception. It shall be the responsibility of each school's principal to determine what action will be taken in regard to a student's tardies and early check-out.

Excessive unexcused tardies or early checkouts will result in contact being made with the student and/or parents and may also result in disciplinary consequences for students per the Code of Conduct.

Grades and Absences

Students are expected to make up all missed work, regardless of the reason for the absence.

Procedures

The Greene County School System will make a good faith effort to notify the parent, guardian, or other person in charge of a student who has attendance concerns and intervene to improve student attendance. Chronic absenteeism will be defined as missing ten percent (10%) or more of enrolled school days during the school year. Truancy will be defined (per law) as any child subject to compulsory attendance who during the school year has more than five (5) days of unexcused absence.

C. Parents of students who are 13-15 years of age who allow their child/children to exceed the allowable number of absences will also have a warrant filed against them through the magistrate court.

Student Attendance Acknowledgement

A minimum level of attendance is required for student achievement to occur and for students to acquire a level of basic knowledge and education. The more days of school students miss, the lower their academic performance. Regular school attendance is the responsibility of parents and students.

Each day your child misses school is another day of learning that is lost. The academic success of your child is important to us. This success is greatly impacted by whether or not he/she participates in learning experiences provided by Greene County School System. Please make sure your child has good school attendance to promote success for both your student and the school as a whole.

Please remember to submit a doctor excuse or parent note for any absences within three (3) days of returning to school. A maximum of ten (10) absences will excused via parent note per school year. After that, all excuses will require a note from a doctor, court etc. to be considered an excused absence.

Please be advised that O.C.G.A. Section 20-2-690.1 requires any person in Georgia who has control or charge of a child between the ages of six (6) and sixteen (16) to enroll and send that child to school, including public, private, and home schooling. Each day's absence from school is in violation of the Compulsory Attendance Law, and each five (5) days constitutes a separate offense. This Student Handbook further outlines the potential legal consequences for parents and students.

The following penalties may be assessed:

a. At least a $25 and not more than a $100 fine;
b. Up to 30 days of jail time;
c. Community service;
d. Any combination of these penalties;

Students who are 13-15 years of age who have exceeded the allowable number of absences will have juvenile charges filed against them through the Department of Juvenile Justice. Parents of students who are 13-15 years of age who allow their child/children to exceed the allowable number of absences will also have a warrant filed against them through the magistrate court.

Parents can logon to the Infinite Campus Portal at: www.greene.k12.ga.us to view current information (updated nightly) on attendance, discipline, class schedule, and grades.

I have read, understand and agree to abide by the Greene County School System Student Attendance Agreement as detailed in the Student Handbook.

Greene County School System Procedures

Accidents - Any accident occurring on school property or at a school-sponsored activity must be referred to the supervising teacher and to the school nurse. A written accident report must be filed with the nurse before the end of the day. The office will make every reasonable effort to contact parents if it is necessary for the student to leave school or see a doctor. The work number and home number of the parent or legal guardian of every student is required as part of the school's information file. In addition, one or more emergency numbers are requested. If a parent changes jobs, address or phone number, the office should be notified immediately.

Cafeteria Services - We welcome your child to the School Nutrition Program in Greene County School System. The school nutrition program is a self-sustaining program which operates from monies received through payments for meals and reimbursements from federal and state programs. Meal choices are offered daily. Monthly menus are posted on the Greene County School System web site at www.greene.k12.ga.us.

Conferences - The faculty welcomes the opportunity to engage in conferences with parents and students to discuss classroom performance, behavior, or any other concerns. Any parent/guardian who wishes to have a conference with a teacher should contact the office at least 24 hours in advance of desired meeting time to schedule (conferences will be scheduled around teacher planning periods, before, or after school). Phone calls will not be transferred to classrooms during the school day. If you have a concern or need to talk with someone other than your child's teacher, please do not hesitate to call the school counselor or school administrator.

Counseling Services - A school counselor is available for every student, not just for those who have experienced or are having trouble. School Counselor services are designed to produce positive changes in students with increased academic achievement, improved attendance, increased social skills, individual goal setting, and career exploration as the goals. The school counselor uses curriculum based on three domains: academic, personal/social, and career. Students are provided services through individual sessions, small groups, classroom guidance, and consultation. Any student desiring an appointment with the counselor must have a pass from the teacher or counselor. Parents are invited to contact the school counselor at any time for assistance or to share concerns.

Gifted Education Program - Greene County School System endorses the philosophy that education is a means by which each individual has the opportunity to reach his or her fullest potential. We believe that all students have a right to educational experiences that challenge the level of their individual development, whether it is below, at, or beyond the level of their age peers. Special programs for gifted students are one outgrowth of this commitment. Students in grades K-12 who demonstrate a high degree of intellectual, academic, and/or creative abilities may be nominated for evaluation to determine eligibility to participate in the Program for Gifted Students. Referrals for consideration may be made by teachers, parents or guardians, counselors, administrators, peers, self, and other individuals with knowledge of the student's abilities. The State Board of Education determines eligibility criteria for placement in this program. For a summary of those criteria or for further information about Greene County's Program for Gifted Students, please contact the Gifted Program teacher at your child's school or the district's program coordinator: (706) 453-7688.

Fire and Safety Drills - Safety drills will be held periodically to keep students and staff familiar with school safety procedures as set forth by the Greene County Board of Education. During the safety drills students will be directed by teachers as to procedures to follow. These drills may include, but not be limited to lockdowns, weather drills, locker searches by administration or law enforcement, drug dog searches, and the use of metal detectors. Fire drills will be signaled by the sounding of the fire alarm system. Upon hearing the alarm, students will wait in the classrooms until the Principal has announced that it is safe to exit the building. At that time, students will exit the building in an orderly manner following a route designated by the fire drill plan and posted in every classroom and area of the building. Upon reaching the designated area outside the building, the teacher will check attendance and report any missing students to the administration. Teachers and students are not to return to the building for any reason until the all-clear signal has been given. Fire drills may be announced or unannounced.

Hospital Homebound Services - Students who encounter long-term illness may be eligible for the Hospital Homebound Program and should apply for this program when they anticipate being absent for 10 or more consecutive days due to personal illness. A physician's statement that a student is too ill to attend school for 10 or more days is required to determine eligibility for the program. Application forms are available upon request from the school office. Regular attendance in school is vital for a quality education. We encourage all students to be present every day. Daily attendance will help you feel more a part of our school and will significantly improve your academic progress.

Medication - All medications that are to be administered at school must be accompanied by the "Administration of Medication Request Form." All medications, both prescription and nonprescription, must be brought into the school and signed in through the clinic by the parent/guardian or by a responsible adult designated by the parent/guardian. Students are not allowed to transport medications to and from school. There are exceptions—inhalers for asthma, Epi Pens, medications for diabetes, etc. Students who self-administer (carry on their own person) medications must have the medical authorization form completed by their physician and parent. No medications sent in a plastic bag will be given. All medications, which are to be given for a period greater than two weeks, will require the form to be completed and signed by the student's physician. Administration of prescription and non- prescription medications, even for a short period of time is discouraged. Parents/guardians should check with the student's physician regarding the need for medication to be administered during school hours. Medications prescribed three times daily often can be administered before school, after school, and at bedtime.

Role of Law Enforcement in Schools - The role of law enforcement in schools is specifically to create and maintain a safe and secure learning environment for students, staff, faculty, parents, and visitors in our schools. The role of police officers in schools is a nationally recognized proven resource of any modern school-safety plan that reduces violent behavior. Police in schools keep students safe and support the mission as informal mentors, counselors, and educators on matters of law enforcement. Officers also serve as a resource for students, teachers, and parents on matters pertaining to law enforcement, crime prevention and awareness. Clear evidence exists that healthy relational bonds of trust are often developed between students and the school police officer.

Police are proven and vital stakeholders. Our policing philosophy coincides with the vision for the future as we work to achieve a cohesive community based educational design. School based police are not school disciplinarians. They are not called to force students to comply with teacher instructions. Student discipline is the responsibility of school administrators. However, school police will respond in their capacity as law enforcement officers to incidents involving violations of criminal law and breaches of the peace that might place an individual or others in threat of physical harm.

State law requires that certain criminal offenses committed by a student while on school property or at

a school function be reported to the appropriate law enforcement authority and the district attorney. Such crimes include, but are not limited to: aggravated assault with a firearm involved, aggravated battery, sexual offenses, weapon in unauthorized locations, violations involving weapons in school safety zones, possession of a handgun by a person under 18, and controlled substances violations. (O.C.G.A. § 20-2-1184). Parents and guardians should inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Severe Weather Procedures - In the event of tornadoes and other severe weather alerts, a signal will be given for students to leave the classroom and proceed to their designated area immediately. If severe weather conditions occur in the area, schools may be closed in Greene County. Students and parents are asked to listen to early morning broadcasts from area radio or television stations for announcements about school closings. An automated phone call from the school district will also be made to notify parents and students about school closings. There may be times when schools have to close early due to threatening weather conditions. Again, repeated news broadcasts and automated phone calls and text messages are used to notify parents and the community about such emergencies. If such conditions exist, bus transportation services will run early or parents may pick their child up from school. If a child's bus leaves before we receive any word from a parent, the child will be sent home on his/her regular bus. When schools are closed for the day or when they close early, all after-school and extracurricular activities are automatically cancelled for that date. Schools are typically constructed to be one of the safest buildings in a community. In the case of a Tornado WARNING students cannot safely be released from the building to go outside into a car and should remain sheltered until the danger has passed.

Special Education Department - The Department of Special Education provides services to eligible students as determined appropriate through an evaluation process in compliance with state and federal laws and guidelines. It is our goal that all students are educated in the least restrictive environment to the greatest extent possible. A variety of service delivery options are available in order to promote student success. Students receiving services under the provisions of the Individuals with Disabilities Education Act (IDEA) are entitled to certain disciplinary safeguards in addition to the same due process procedures given to regular education students. A copy of Parents' Rights as they pertain to Special Education is available by contacting the Special Education Department at (706) 453-7434.

Student Reporting of Acts of Alleged Inappropriate Behavior by Employees- The Georgia Professional Standards Commission has determined that any student (or parent or friend of a student) who has been the victim of alleged inappropriate behavior by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

Telephone - Use of the office phone is limited to emergency calls. If you need to get a message to your child, the school receptionist will make sure your child receives the communication. If there is a serious emergency, the parent should contact the front office and the student will be pulled from class. Students may not use the phone without a pass from a teacher and are subject to the discretion of office personnel. In most cases, students will not be permitted to use the phone. Office personnel or the school nurse will determine whether it is necessary for a student to call home due to illness. Telephone calls will not be transferred to classrooms during the school day.

Visitors - Parents are invited to visit their child's school regularly and to be involved in all school activities. For the safety of our students, all visitors are required to report directly to the main office when entering the school. A 24 hour advance notice must be given before visiting a classroom. After signing in, a visitor's badge will be issued and must be worn while on the school campus. Student visitors are not allowed. At no time are teachers/students to be disturbed during lessons. Observations should

occur with minimal distraction and school administrators will uphold this expectation.

Volunteers - If a person is interested in volunteering at a Greene County School to help meet the needs of students, contact is first made with the Volunteer Coordinator. The Volunteer Coordinator distributes the packet which includes an application with contact information and past experiences with volunteering, a code of conduct and release of liability form as well as a form with instructions on how to obtain a background check. Once the background check is completed, returned to the volunteer coordinator and approved, the volunteer will go through an in-person orientation with the coordinator which includes a handbook overview, mandated reporting requirements, volunteer options and an assignment to the appropriate school within the district. There is a person of contact at each school who then assists with making the match between a volunteer and a teacher's classroom. This person of contact at the school site serves as the liaison for future communications between the volunteer, the teacher and the school.

Withdrawal from School - If it becomes necessary to withdraw a student from school, a withdrawal form must be obtained from the attendance office and taken to the persons indicated on the form for signatures. All textbooks and library books must be turned in, and all money due for lost/damaged books or unpaid fees, etc., must be paid. A parent may call or send notice of a student's withdrawal. Twenty-four-hour notice is preferred. If prior notice is not given, please understand that the process may take up to an hour to complete while you wait. A parent's signature is required for the withdrawal process to be complete.

Georgia Law

Bullying (GA .29) - An act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
    a. Causes another person substantial physical harm within the meaning of the Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
    b. Has the effect of substantially interfering with a student's education;
    c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
    d. Has the effect of substantially disrupting the orderly operation of the school

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication;

1. Is directed specifically at students or school personnel;
2. Is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school; and
3. Creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is

not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

A student disciplinary hearing finding that a student in grades 6-12 has committed the offense of bullying for the third time in a school year will result in referral to the District Hearing Offer with a school recommendation of placement in the Alternative Program (O.C.G.A. § 20-2-751.4).

Suspension of Young Children- State law requires local school systems to conduct certain screenings, assessments, and reviews prior to expelling a student in grades preschool through third grade (O.C.G.A. §20-2-242). No student in public preschool through third grade shall be expelled or suspended from school for more than five consecutive or cumulative days during a school year without first receiving a multi-tiered system of supports, such as response to intervention, unless such student possessed a weapon, illegal drugs, or other dangerous instrument or such student's behavior endangers the physical safety of other students or school personnel. If such student is receiving or has received a multi-tiered system of supports, the school shall be deemed to have met the requirements of this Code section. The school or program shall comply with all federal laws and requirements required obtaining parental consent during any advanced tier within the system of supports prior to certain screenings or evaluations. In addition, prior to assigning any student in preschool through third grade out-of-school suspension for more than five consecutive or cumulative days during a school year, if such student has an Individualized Education Program (IEP) pursuant to the federal Individuals with Disabilities Education Act or a plan under Section 504 of the federal Rehabilitation Act of 1973, the school or program shall also convene an IEP or Section 504 meeting to review appropriate supports being provided as part of such Individualized Education Program or Section 504 plan.

Provisions Applicable to Students with Disabilities - The Code of Student Conduct applies to all students including students with disabilities. However, students with disabilities are afforded specific due process protections. A student served by Section 504 of the Rehabilitation Act must have a manifestation determination before being suspended for more than ten (10) days.

- Students with disabilities can be suspended for a total of up to ten (10) consecutive or ten (10) cumulative school days in one school year without providing special education procedural safeguards and services. Saturday school and before/after-school detention do not count toward the ten (10) days. The district's Coordinator of Special Education should be notified of any special education student/504 student approaching 10 days of suspension, so that the appropriate supports are put into place.
- Suspension Beyond 10 Days in a School Year
    1. School provides written notice to parent/guardian of intervention or consequence being considered and date of Individual Education Program ("IEP") Manifestation Determination Reviews and 504 Plans. A meeting must be held within ten (10) days of the date of the decision to discipline a student. A copy of the Notice of Procedures Safeguards should be provided to parents.
    2. The IEP or 504 team will determine whether the misconduct is caused by the student's disability by reviewing all current and relevant information.
    3. If the behavior is a manifestation of the disability, the IEP team or 504 team will review and revise the behavior intervention plan specifically for the misconduct of the student. A disciplinary change in placement (expulsion) cannot occur if the behavior is a manifestation of the disability except in cases of weapons possession, drug possession, and infliction of serious bodily harm. If the following behaviors are determined to be a manifestation of the student's disability, the student can be placed at an alternative educational setting for up

to 45 days: Weapons possession, drug possession and infliction of serious bodily harm.

4. If the behavior is not a manifestation of the disability, school officials may apply the Code of Conduct interventions and consequences. However, the student may not be suspended for more than ten (10) consecutive or cumulative school days in a year without providing appropriate educational services.
5. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

A student violator can be assigned to an alternative education setting.
2. As to violations involving hazardous objects and dangerous devices and compounds not involving firearms or dangerous weapons, middle and high school students shall be disciplined per the Code of Student Conduct and depending on the circumstances, may be referred to the Tribunal who may impose an appropriate disciplinary action. Instances of such violations in elementary schools shall be reported by principals to the Tribunal; discipline may be imposed

at the school level or through a disciplinary due process hearing. Being in possession of, distributing, or using a vape or vaping device may result in alternative school placement.

3. False Claims: A student shall not falsely claim to be in possession of a weapon or dangerous device or compound, that another person is in possession of a weapon or dangerous device or compound, or that the student or another plans to bring a weapon to dangerous device or compound to school or a school-sponsored function.

Protection of Pupil Rights Amendment (PPRA) - PPRA affords parents certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams.

Parents and eligible students (18 or older or emancipated minors) shall be notified at the beginning of the school year if the school district has identified the specific or approximate dates during the school year when any of the activities listed below are expected to be scheduled. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys. The Board of Education has developed and adopted policies, in conjunction with parents, regarding the activities described below. In accordance with Board policies, prior written consent must be obtained from parents before students are required to submit to any survey that contains questions about one or more of the areas listed in paragraph (A) and that is funded in whole or in part by the U.S. Department of Education. You have the right to inspect any survey or instrument used in the collection of information under subparagraphs (A) and (B) before the instrument is administered or distributed to a student and to opt your student out of participation in any activities described below in accordance with regulations developed by the Superintendent.

1. The administration of any survey containing one or more of the following items:
    a. Political affiliations or beliefs of the student or the student's parent;
    b. Mental or psychological problems of the student or the student's family;
    c. Sex behavior or attitudes;
    d. Illegal, anti-social, self-incriminating, or demeaning behavior;
    e. Critical appraisals of other individuals with whom respondents have close family relationships;
    f. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
    g. Religious practices, affiliations, or beliefs of the student or student's parent; or
    h. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program), without prior written consent of the parent or eligible student.
2. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
3. Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student, or of other students. You may, upon request, inspect any instructional material used as part of the educational curriculum for your student. The school is required by federal law to give this notice to parents. However, the school does not have scheduled any such activities as are described above. If any such activities are initiated during the school year, parents will be notified accordingly and will be afforded all the rights as described herein.

Parents who believe their rights have been violated may file a complaint with: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202

Student Searches - School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus; student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multimedia/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. If asked, students are required to cooperate to open book bags, lockers, or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside normal school hours or off the school campus at the discretion of administrators.

School Safety Hotline - The School Safety Hotline is sponsored by the Georgia Department of Education and is designed for crisis prevention. If students know of an unsafe situation in school (weapons violations, bomb threats, drugs or alcohol, bullying, etc.), students can **anonymously** pass on this information through the hotline, initiating immediate and appropriate action. The Hotline number is 1- 877-SAY-STOP (1-877- 729-7867). Depending on the urgency of the call, the hotline operator contacts the appropriate law enforcement agency and the local school system. During regular business hours, the operator at the Georgia Department of Education works the hotline. Hotline calls are transferred to the Georgia Department of Public Safety after regular business hours and on weekends and holidays.

Statement of Nondiscrimination - Federal law prohibits discrimination on the basis of race, color, or national origin (Title VI of the Civil Rights Act of 1964); sex (Title IX of the Educational Amendments of 1972 and the Carl Perkins Vocational and Applied Technology Education Act of 1990); or disability (Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990) in educational programs or activities receiving federal financial assistance. Employees, students, and the general public are hereby notified that the Greene County Board of Education does not discriminate in any educational programs, activities, or policies. The Assistant Superintendent is the employee responsible for coordinating the school system's effort to implement this nondiscrimination policy. Inquiries concerning the application of the Perkins Act, Title VI, Title IX or Section 504, and ADA to the policies and practices of the school system may be addressed to the assistant superintendent at the Greene County Board of Education, 101 E. Third Street, Greensboro, Georgia 30642; to the Georgia

Department of Education, Twin Towers East, Atlanta, Georgia 30334; and/or to the Regional Office of Civil Rights, Education Department, Washington, DC 20201.

Any individual who believes he/she has been subjected to harassment or discrimination by students or employees of the school district based upon any factors listed should promptly report the same to any teacher, counselor, or school administrator.

Section 504 Procedural Safeguards Notice - Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents Under Section 504 may be found at the system website or may be picked up at the central office or at any of the school

offices.

FERPA Notice to Parents/Guardians and Eligible Students of Your Rights

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students (over 18 years of age or attending a postsecondary institution) certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days after the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The principal or designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. To request amendment of a student record, parents or eligible students should submit to the school principal a written request, specifying the part of the record they want changed and why it is inaccurate, misleading, or otherwise in violation of the student's privacy rights. If the school decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.

(3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that disclosure without prior written consent is authorized by FERPA and its implementing regulations at 34 C.F.R. § 99.31. One exception that permits disclosure without consent is to school officials with legitimate educational interest. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including school nurses and school resource officers); a member of the school board; a person or company with whom the district has contracted to perform a specific task (such as attorney, auditor, medical consultant, therapist, or online educational services provider); a contractor, consultant, volunteer, or other party to whom the school district has outsourced services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his or her tasks. The district allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district's control with regard to the use and maintenance of PII, which may be used only for the purpose for which disclosure was made and cannot be released to other parties without authorization.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) FERPA requires the school district, with certain exceptions, to obtain written consent prior to the disclosure of personally identifiable information from the student's education records. However, the district may disclose appropriate designated "directory information" without written consent, unless the parent or eligible student has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the school to include this type of information from the student's education records in certain school publications, such as the annual yearbook, graduation or sports activity programs, honor roll or other recognition lists, or on websites or social media sites affiliated with the school or school district.

The School District has designated the following information as directory information:

(a) Student's name, address and telephone number;
(b) Student's date and place of birth;
(c) Student's e-mail address;
(d) Student's participation in official school activities and sports;
(e) Weight and height of members of an athletic team;
(f) Dates of attendance at schools within the district;
(g) Honors and awards received during the time enrolled in district schools;
(h) Photograph; and
(i) Grade level.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. In addition, two federal laws require school districts receiving federal financial assistance to provide military recruiters, upon request, with students' names, addresses, and telephone numbers unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent. You have the right to refuse to allow all or any part of the above information to be designated as directory information and to refuse to allow it to be disclosed to the public upon request without your prior written consent. If you wish to exercise this right, you must notify the principal of the school at which the student is enrolled in writing within ten days after officially enrolling in school or within ten days of the date of the release of this notice.

(5) You are also notified that from time to time students may be photographed, videoed, or interviewed by the news media at school or at some school activity or event. The principal will take reasonable steps to control access to students by the media or other individuals not affiliated with the school or district. However, your submission of a written objection does not constitute a guarantee that your student will not be photographed, videoed, or interviewed, or that such information will not be posted on websites or social media sites not affiliated with the school or district or in circumstances which are not within the knowledge or control of the principal.

(6) You have the right to file with the U. S. Department of Education a complaint concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

(7) The Georgia Student Data Privacy, Accessibility, and Transparency Act affords parents and eligible students the right to file a complaint with the school district regarding a possible violation of rights under O.C.G.A. § 20-2-667 or under other federal or state student data privacy and security laws. Such complaints may be filed with the Superintendent's Office.

GCSS RESPONSIBLE TECHNOLOGY USE STUDENT AGREEMENT

The GCSS Responsible Technology Use Student Agreement is adopted pursuant to 47 U.S.C. 254(l).

I. Introduction

All students and their parent and/or guardian shall sign a GCSS Responsible Technology Use Student Agreement saying they have read and understand the administrative procedures set forth for using the Greene County School System (GCSS) telecommunication infrastructure and the resources provided via said infrastructure.

Consistent with GCSS's Board of Education Electronic Communications Policy (IFBGA) and consistent with the educational mission and goals of GCSS, all students and employees are provided access to its telecommunication infrastructure for educational purposes. The Greene County School System believes the use of telecommunications in instructional programs is an educational tool that facilitates communication, access to information, resource sharing, and innovation.

Due to the complexity of accessible networks and the magnitude of potential information available via the Internet, students and employees using telecommunications will comply with the GCSS Board of Education Electronic Communications Policy (IFBGA) and system administrative procedures with regards to technology use including Bring Your Own Tools (BYOT). Bring Your Own Tools means that users bring their own personal electronic devices to school for educational purposes.

For the purpose of BYOT, the Greene County School System defines technology as meaning any privately owned wireless and/or portable hand held equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable Internet devices, personal digital assistants (PDAs), hand-held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture and/or recording, sound recording, information transmitting/receiving/storing.

Because of the changing nature of technology and due to changes recommended or required by federal law, the Board of Education reserves the right to amend the GCSS Board of Education Electronic Communications Policy (IFBGA) and/or its procedures. GCSS administration reserves the right to make further restrictions based on specific needs.

The Board of Education makes no assurances of any kind, expressed or implied, regarding any telecommunication services provided. Neither the school system nor individual schools in the system will be responsible for any damages the student/user suffers. Use of any information obtained via the system's telecommunication infrastructure is at the user's own risk. The school system specifically denies any responsibility for the accuracy or quality of information or software obtained through its electronic services. The Board of Education can assure parents that employees will be trained and reasonable precautions-- including content filtering and monitoring-- will be taken to keep GCSS users safe from illegal and/or offensive material in compliance with FCC guidelines.

II. Staff Training and Monitoring

Greene County School System employees will become familiar with the GCSS Board of Education Electronic

Communications Policy (IFBGA) and its applicable procedures as well as the GCSS Responsible Technology Use Student Agreement. Employees will be trained in the use of appropriate telecommunications and informed of "no right to privacy." The Technology Director and/or designee will lead this instruction. The instruction will include training and any needed clarification on policy and applicable procedures established and/or amended during the school year. No employee shall have access to the Internet within a classroom or other school setting unless the employee has completed appropriate training and signed the GCSS Responsible Technology Use Employee Agreement. When, in the course of their duties, any employee becomes aware of violation of the GCSS Responsible Technology Use Student Agreement, they must correct the student and address the matter in accordance with this procedure and the procedures outlined in the school's Code of Conduct which is consistent with the GCSS Board of Education's general disciplinary policies and procedures.

The Board of Education, through its administrative staff, reserves the right to monitor and filter all computers, electronic mail, voice mail, Internet, and all other forms of electronic activity and/or use by students and employees. The Internet network structure makes it extremely difficult for the Board of Education and/or schools to regulate completely and filter the information received or sent by users. As such, the Board of Education and/or schools cannot assure that students will not access undesirable materials or send or receive objectionable communications.

In doing the most controlled monitoring possible, school administrative personnel will enforce administrative procedures. Failure to comply with these administrative procedures shall be deemed grounds for revocation of privileges and disciplinary and/or appropriate legal action for both students and employees. A copy of the procedures shall be distributed to each school system employee. The Superintendent will instruct the administration at each school to provide a student copy in the form the school deems appropriate (student handbook, parent and student information sheet, etc.). The school library at each school and the central office shall house a copy for public examination.
