Conflict Time if students have two
scheduled in one slot
**Teachers will proctor their own
finals or work in departments
to cover any finals given in this time.

Final Exams:
Final examinations are an integral part of our college preparation program. Students may not take semester finals early. It is important to the integrity of the exams that students take them at the prearranged time.

There will be two makeup dates available for those who are unable to take their exams at the scheduled time. The makeup days for Fall 2026 finals are December 21 or January 4. If your daughter will not be at Marian for her regularly scheduled exams, please plan on her attending the make up testing on one of the above dates.
