Approval of Minutes:

The committee reviewed the minutes from the August 19, 2025, meeting. Nathan Mack made a motion to approve the minutes, and Matt Haven seconded the motion. The motion was approved.

Measures R & S – Development / Project Updates:

Chris Anicich provided an update on the ongoing modernization projects at Cordova High School, including the new Administration Building, relocation of existing programs, and planned demolition and site work. Students will be housed in modular buildings during the construction. The new building is anticipated to be completed for the 2027–28 school year.
Chris also provided an update on proposed athletic facility improvements, including improvements to the baseball and softball facilities and surrounding areas.

Mike Hammond provided an update on the Cordova High School turf replacement project, which is scheduled for completion by the end of July. The stadium lighting project has been completed, and improvements to the press box and bleachers are ongoing.

Mike Hammond provided an update on the phased Cordova Villa Elementary School modernization project, including new construction and various site improvements. The project will be completed in stages to support continued campus operations during construction.

An update was provided on the Riverview STEM Academy modular classroom project. The new classrooms are anticipated to be completed for the 2026–27 school year, with 6th and 7th grade students scheduled to occupy the new spaces.
