

Dolphin News

October 25, 2026

A big thank you to all the families who joined us for STEM Night last Thursday! It was wonderful to see so many students and parents exploring, creating, and learning together. We appreciate your continued support in making events like this a success! This week, all students will be bringing home interactive math games to practice their skills. Please take some time to play these games together at home, it's a fun and effective way to reinforce what they are learning in the classroom.

As we wrap up our monthly focus on responsibility, we are proud of our students who have shown responsibility inside and outside of the classroom. Throughout the month, students practiced taking ownership of their learning, helping their peers, and holding themselves accountable for their actions and choices. Being responsible is a key foundation for lifelong success, and we encourage families to keep these conversations going at home by celebrating the everyday ways your children show reliability and initiative. Thank you for partnering with us to build a thoughtful, dependable community!

Captain America Frisbee is on Friday! We have so many classrooms in the running to win this awesome prize.

This week's attendance winners are Ms. Chapin, Ms. Gray, & Ms. Schoeffel's classrooms. They will each receive a reward on Monday.

Currently, our school wide chronic absenteeism rate is at 6%. We once again have the best attendance in all of Orange County. Keep up the good work Dolphins!
