Questionnaire: Please answer the following questions on a separate piece of paper.

1. What has prompted you to express an interest in this position?

2. Please briefly describe your understanding of the differences between the roles of The Governing Board and The School District Administration?

3. In our present societal environment, those seeking to serve in a public capacity are often subjected to intense scrutiny by interested individuals or groups, as well as the media. This scrutiny includes examining personal behaviors, past and present, as well as areas of potential "conflict of interest." Is there anything in your background that would be an embarrassment to the district if it became public knowledge?

4. What are your experiences dealing with the reading, creating, or analyzing budgets?

5. What experiences do you have in setting policies whether company, departmental, organizational, or volunteer?

6. What experience do you have in hiring, firing, and disciplinary action?

7. List any management or supervisory experience.

8. List any previous school board experience, teaching experience, or experience with education.

9. As an active member of your community, you may have developed ideas about some of the special needs of your School District. What do you consider to be the three (3) biggest challenges currently affecting this District? How would you tackle those challenges?

10. A Board member has no authority to make district decisions as an individual. All District policy decisions are made by the total Governing Board. Knowing this, what are the most important factors for working in a team environment?

11. Public service, such as serving on a School Board, requires a great deal of time and energy. For this position, compensation is non-existent. In light of that, are there any circumstances you can foresee that would limit your ability to fully participate as a School Board member?
