

Benvenue Elementary School

School Year: 2026-2027

Parent Involvement Policy

Our school is committed to providing every student with the tools and support needed to be successful. We recognize that families, school staff, and the community must work together to help students reach their fullest potential. This policy outlines how we will strengthen these partnerships and support student success.

- I. **Annual Title I Public Meeting**
Benvenue Elementary School will host an annual Title I meeting to inform families of their rights, the use of Title I funds, and opportunities for involvement. School Improvement Plan goals, student achievement, curriculum, and assessments will also be discussed. Families may ask questions and provide feedback, and meeting information will be shared with those unable to attend.
- II. **Flexible Meetings**
Benvenue Elementary School will offer meetings, conferences, and family engagement activities at varying times and through alternative formats when appropriate. Families will receive advance notice through school communication platforms, and efforts will be made to accommodate schedules and encourage participation.
- III. **Involving Parents in an Organized, Ongoing, and Timely Way**
Families will have opportunities to participate in school improvement efforts through the School Improvement Team, PTO, family engagement activities, and volunteering. A Parent Feedback Survey will remain available throughout the year for families to share suggestions and concerns. Parent input will be considered when reviewing school programs, policies, and improvement initiatives.
- IV. **Timely Information**
Families will receive regular updates on student progress, curriculum, assessments, and school programs through ClassDojo, Thursday folders, newsletters, Infinite Campus, progress reports, report cards, and conferences. Family engagement activities will provide resources and strategies to support academic achievement and positive behavior at home.
- V. **Opportunities for Regular Meetings**
Families will have opportunities to meet with teachers, support staff, and administrators through conferences, PTO meetings, and school events. Additional meetings may be requested to discuss student progress, address concerns, and participate in educational decisions. School staff will respond to parent questions and recommendations in a timely manner.
- VI. **Providing for Parent Comments**
Families may provide feedback on the Parent Involvement Policy, School Improvement Plan, and Title I program through the Parent Feedback Survey, meetings, or direct communication. Recommendations will be reviewed and considered, and written concerns regarding the schoolwide program plan will be submitted to the district as required.
- VII. **School-Parent-Student Compact**
The School Parent-Student Compact will be reviewed annually with input from families and staff. It will outline shared responsibilities for academic achievement, attendance, behavior, and communication. Families will have opportunities to provide feedback, and the compact will be shared annually to reinforce the partnership between home and school.
