Monona Grove School Nutrition

Cranberries are the state fruit of Wisconsin!

Celebrate Wisconsin Local Food Day on Thursday, November 12th

Join us for lunch on Thursday, November 12th to have homemade cranberry sauce, using locally grown cranberries!

This is just one farm to school event that our nutrition program participates in each school year.

Did You Know?

About 60% of all cranberries grown in the United States come from Wisconsin!

Cranberries are the top fruit crop grown and sold in Wisconsin.

Cranberries are an indigenous food.

Cranberry Fun Fact:

Cranberries do not grow under water! Instead they grow on vines in a bog.

Farmers will flood the bog with more water when the cranberries are ready to be harvested because..

Raw cranberries have air pockets inside them that let them float on water!
