DOES YOUR CHILD LIKE SNACKS AND GAMES?

JOIN THE UB TRACK STUDY!

The Division of Behavioral Medicine at UB is recruiting families for a research project that *tracks* how children's eating, physical activity, and decision-making habits affect their growth and health.

CHILDREN AGES

8-11

BUFFALO BEHAVIORAL MEDICINE

- Participate in 12 in-person study visits over 3 years
- What's involved? You and your child will be asked to complete questionnaires. Your child will also eat snack foods, play computer games, and do fun activities as part of the study!

YOU AND YOUR CHILD CAN EARN UP TO $430 FOR YOUR TIME!

Fill out this survey or contact our study team to see if you and your child are eligible:
