What is Title I?

Clinch County Elementary School is identified as a Title I School as part of the Every Student Succeeds Act (ESSA). Title I is designed to support State and local school reform efforts tied to the challenging State academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must jointly develop with parents and family members a written parent and family engagement plan for the district and each school.

REVISED 6-19-26

Clinch County Elementary Family Engagement Plan For Shared Student Achievement

What is a Family Engagement Plan?

This is a plan that describes how Clinch County Elementary will provide opportunities to improve family engagement in our school and support student learning. Clinch Elementary values the contributions and involvement of parents and family members to establish an equal partnership for the common goal of the improving student achievement. This plan describes the different ways that Clinch Elementary will support family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is this Revised?

Clinch Elementary invited all parents to attend our annual Parent Feedback Nights in the spring and fall to review and revise this family engagement plan, as well as the school-wide plan, our school-parent compacts, and the family engagement budget. Additionally, parent input and comments regarding this plan are welcome during the school year through an online form on our website. The plan is posted on our school website for parents to view and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the next school year. We also send home an annual survey by our students and post the survey online asking our parents for their suggestions on the plan and the use of funds for family engagement. Parents and family members can also give feedback during several parent meetings and activities during the school year.

Who is this for?

All students participating in the Title I, Part A program, and their families are encouraged and invited to fully participate in the opportunities described in this plan. Clinch Elementary will provide full opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children.

Where is this available?

We will send home this plan with every student at the beginning of the school year. This plan will be posted on our website and a copy will also be kept in the Parent Resource Center.

2026-2027 District Goals

- Increase the number of students scoring levels 3 & 4 on the GMAS
- Increase the number of students who are college and career-ready graduates by ensuring all students have access to the academic, technical, and employability skills needed for postsecondary success.
- Provide adequate resources for students and staff to feel physically safe, emotionally supported, and empowered to succeed.

2026-2027 School Goals

School-Parent Compacts

Part of this plan is for Clinch Elementary and families to develop a school-parent compact. This compact is an agreement that parents, students and teachers develop together that explains how parents and teachers will work together to make sure all of our students reach grade-level standards. These compacts will be reviewed and updated every year based on feedback from our parents, students and teachers during our Annual Parent Feedback Nights. The school-parent compacts are shared in October with parents by being sent home with each child and are kept with each child's teacher if a parent should need another copy.
