The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Alview Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

☒ Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Alview Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

2 Schoolwide Program

This plan is being used by Alview Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

The use of federal funds will be in direct alignment with state funds as we strive to achieve the three identified LCAP goals. Along with state-funded tutoring, federal funds will be applied to programs used in a tutoring or small group environment to scaffold student standards mastery. Several programs are used in conjunction with state-funded laptops to assist students with the skills needed to access the technology provided. Federal funds will also be aligned with state Supplemental and Concentration grants to provide training and professional development to support state-funded programs and materials such as STEM instruction and technology applications.
In addition, federal funds are used for paraprofessional support to maximize student engagement and learning in the context of our school-wide "Response to Intervention" (RTI) program.
Overall, Federal funds are used to supplement state and locally funded activities that are designed to meet the goals of the LCAP

Educational Partner Involvement

How, when, and with whom did Alview Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council was part of the planning process for the SPSA review and update. Consultation took place at two separate meetings; April 23, 2026 and May 19, 2026.
The SPSA went before the local governing board and was approved on July14, 2026.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Due to improvements in Chronic Absenteeism for Low Income and Hispanic students, Alview School was able to exit ATSI in the 2024-25 school year.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

English Learner Progress was in the Red performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

There were no state indicators for which the performance of any student group was two or more performance levels below "all student" performance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Alview School needs to continue to expand learning spaces to insure optimal class sizes and continue to improve English Learners' language acquisition rates.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Alview Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	23-24	24-25	25-26	23-24	24-25	25-26
American Indian	0.58%	0.55%	%	1	1	
African American	0.58%	0.55%	0.51%	1	1	1
Hispanic/Latino	60.82%	65.03%	68.72%	104	119	134
White	37.43%	33.33%	30.26%	64	61	59
Not Reported	0.58%	0.55%	0.51%	1	1	1
			Total Enrollment	171	183	195

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	23-24	24-25	25-26
Transitional Kindergarten	10	17	28
Kindergarten	44	35	44
Grade 1	38	45	33
Grade 2	40	45	45
Grade3	38	41	45
Total Enrollment	171	183	195

Conclusions based on this data:

1. The total enrollment for Alview increased by approximately 12% from 2023-24 to 2025-26.
2. The ethnic composition of Alview shows a slight increase in the Hispanic student population and a decrease in the White student population.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	**Number of Students**			**Percent of Students**		
	23-24	**24-25**	**25-26**	**23-24**	**24-25**	**25-26**

English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's Smarter Balanced Assessment System web page for more information.

ELPAC Results

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's English Language Proficiency Assessments for California (ELPAC) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. Overall, the majority of students scored in the "Level 2" and "Level 3" categories (80%), which means that at this level, students have "somewhat developed" oral and written skills.
2. Overall mean scores declined in all grade levels from 2024 to 2025,
3. ELD and small-group interventions need to be continued to support the EL student population.

School and Student Performance Data

Student Population

The 2026 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Preparation for Success
Prepare students for success in high school and higher education and /or the vocational job market.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Prepare students for success in high school and higher education and or vocational job market.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

After consulting with educational partners, this broad goal was continued from prior years as the focus of the District's mission. From transitional kindergarten through eighth grade, all agree that our purpose is to ensure that ADUSD students leave the District prepared for the next steps in their educational and career endeavors. Dashboard results at Alview School for academic achievement have indicated a slight downturn in Math achievement. To ensure that students continue to have academic success in middle school, high school and beyond, the District agrees with educational partners that a continued focus on engagement and rigor as well as a broad course of study are integral factors for ensuring a strong elementary educational foundation.
Also on Alview's Dashboard, Chronic Absenteeism levels significantly improved over the prior year signaling a need to continue with incentives and parent messaging about the importance of regular school attendance.
Finally, English Learner progress declined in 2025 making it clear that after-school tutoring and small-group interventions are critical for the success of EL students and overall students' standards mastery.

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

(District Data)
Goal 1 represents the core mission of the district--providing students with academic and enhanced educational opportunities to prepare them for high school and beyond. The actions included in Goal 1, which data showed to be effective the prior year, showed mixed results based on 2025 state data.
Action 1.1: The District successfully recruited, hired, and/or retained highly-qualified instructional staff.
Action 1.2: All students were provided high-quality, standards-aligned curriculum and instructional materials.
Action 1.3: The District is proud to successfully maintaining a technology department that supports one-to-two student/device ratio in all grade levels and servers and teacher desktop equipment that enables E-boards and student technology use.
Action 1.4: The District continued to increase access to library books, including current titles, that reflect the diversity of our learning community, support language acquisition for English Learners, and offer literacy supports for Low-Income students and Foster Youth. the success of this action is reflected in the borrow rate for those same students, which is almost 25% higher than that of the student population as a whole.
Action 1.5 : The District successfully maintained two Paraprofessionals at Alview to facilitate push-in instructional support to ensure that Low-Income students, Foster Youth, and English Learners have access to all core curricula, including the ELD standards for English learner students.
Action 1.7: This action was mostly implemented as planned. Three (3) educational assemblies per site, field trips for all grade levels, and funding help to send 6th graders to Outdoor Education were all successfully provided by the District. However, upper grades (6-8) teachers participated for the first time in order to build a deeper understanding of science topics, learning that will be used to inform science instruction in upper grades.
Action 1.10: The District was successful in collaborating with teachers to identify professional learning needs and provide in-service aimed at maximizing student engagement. Professional learning was provided in the ELD standards for English learner students, in meeting students' social emotional learning needs, providing support for students' mental health, and in ELD instruction.

Actions 1.12 and 1.13: English Learners and Low-Income students had access to science, technology, engineering, and math instruction and career opportunities by the successful continuation and expansion of the after-school STEM workshops at Dairyland and at Alview, and by contracting with the Community Science Workshop Network for continuing regular school hours STEM curriculum and instruction. The program was expanded to include two STEM instructors.
Action 1.14 and Action1.16: The District was able to successfully provide each teacher with 20 or more years of experience a stipend between $3,000 and $4,000, and without regard to sick days, provide an incentive for certificated and classified staff to miss two or less work days during the school year.
Action 1.17: The District successfully provided after-school tutoring three days per week, along with the transportation so students have access to safe, reliable means of traveling from tutoring to home.
Action 1.18: The action was partly implemented as planned. The purchased Math/ELA Support Program, "ClassTime" was successfully implemented. The change was in having local teachers provide training for new teachers in 2025-26 rather than pay for outside trainers.
Action 1.19: The District successfully supported the linguistic, academic, and socio-emotional needs of our Long-Term English Learners (LTEL) with additional materials for paraprofessional support at Dairyland.
Action 1.20: Supplementary science materials to support increased student mastery of grade level Next Generation Science Standards were purchased.
Action 1.21: The District was successful in hiring an additional teacher for Transitional Kindergarten, allowing for students to adults ratios of 8:1 or less in the TK classes.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

District Data:
1.2: Over-Budgeted -- Math and ELA Curriculum had been replenished based on multi-year subscriptions; neither of the subscriptions were up for renewal in 2025-26. A new online version of Science curriculum was purchased at less cost than anticipated. Some EL curriculum components were provided at no cost when Professional Development activities were purchased.
1.3: Over-Budgeted -- New teacher desktop equipment came in at less cost than expected. The District found a source for refurbished teacher computers that was approximately 15K less than the new versions that were budgeted.
1.7: Under-Budgeted – The cost of field trips far exceeded 2024-25, so the budget estimates were well short of actual costs. Charter buses were used in all trips; rates were up approximately 30%.
1.14 (now deleted): Under-Budgeted -- Cost for both the cement and portable stage under the Alview shade structure were more than anticipated. The District decided to use a more durable material than first planned for the stage to make it more weather-resistant.
1.17: Over-Budgeted -- Fewer employees than anticipated qualified for the attendance incentive due to the parameters being changed from 2024-25 to 2025-26 from three days to two days.
1.19: Over-Budgeted -- The District opted not to use PD from ClassTime and instead, have local teachers provide training. Teachers were all trained upon the implementation in 2023-24; it was sufficient to have new teachers trained by those on staff in 2025-26. The material difference was based on the elimination of the PD.
A description of the effectiveness or ineffectiveness of the specific actions to date in making progress

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Actions:
Actions 1.13-1.21: Because Action 1.14 was discontinued, the numbering of actions after 1.13 has been changed, and the order remains the same.
Action 1.17: Budget will be increased to cover transportation expenses

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Positive, Clean, Safe, and Healthy Environment
ADUSD is dedicated to providing a positive, clean, safe, and healthy environment in which students are able to learn to the best of their abilities.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

ADUSD is dedicated to providing a positive, clean, safe, and healthy environment in which students are able to learn to the best of their abilities.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

With regard to school climate, 2025 Dashboard data indicated that the Overall suspension rate continued to be at the Blue, or best possible performance level. This trend is a direct result of a new focus on alternatives to suspension and positive behavior reinforcement. The "Caught Being Good" blue ticket and "Project Wisdom" initiatives have proven to be effective in promoting good behavior and lessening the need for disciplinary action. (Action 2.3)
Teachers also requested continued support and professional development with regard to students' social-emotional well being. It is clear that post-pandemic student needs include a stronger focus on mental health and well-being. Teachers have asked not only for further training on social-emotional learning but to add a wellness coach on staff with the expertise to address student mental health. (Action 2.6)
As the District reflects on lessons learned and necessary changes since the development of this plan, it is clear to all educational partners that this goal is of utmost importance to the success of our students. Cleanliness, safety, and a positive environment are necessary elements to provide optimal student learning. Cleanliness will play an important role in keeping students healthy and safe. The added protocols for sanitization that were implemented in 2020 must continue in order to mitigate student illness. In addition, the importance of a positive environment is paramount to our student's ability to thrive from a social-emotional perspective. In opportunities for input, all educational partners expressed adamantly the need for continued cleaning protocols and school programs that promote a positive school climate. The need to provide a safe and clean learning environment for all students continues to be a priority and a District goal. As a result, sanitization protocols that were initiated at the height of the pandemic will continue to be implemented. (Action 2.1)

2.7	Required Action: Reduce Chronic Absenteeism Rates for Low-Income and Hispanic Students. 2023 California School Dashboard Suspension Rate results for Hispanic students and Low-Income students were at the lowest performance level Districtwide and at Alview Elementary, indicating a need to create a specific action to lower those rates. In examining the data more closely, the District established that 92.1% of Hispanic students were also Low-Income and that 79% of Low-Income students were Hispanic. Additionally, we determined that the District's lowest performance levels for those two groups were a result of the Alview School rates, and focusing on improving results at Alview would also move the District out of that performance level. Consequently, this action will meet the needs of both student groups, at the school and district levels. In order to lower chronic absenteeism rates, the District and school staff will regularly review attendance data for Hispanic and Low-Income students to assess if any are on track to be chronically absent. The students will be counseled by the wellness counselor to determine causes of the absences and possible solutions. The parents of those who appear to be will be sent a letter noting the absences and consequences of poor attendance. In addition, student attendance incentive programs will be implemented at both campuses to reward both classrooms and individual students for perfect attendance. Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Actions 2.1-2.5 from 2025-26 were implemented successfully, as planned. The safety and cleanliness protocols were maintained to earn a "good" rating on the Facilities Inspection Tool. Staffing levels were increased in custodial and support services to provide students with a safe, clean, and supportive experience at both campuses and accommodate additional classroom buildings. The "Caught Being Good" program continued to work well for character building. The District was able to provide additional hours to a wellness coach whose caseload has increased throughout the year. The position has gone from 3.5 to 6 hours on a daily basis.
Action 2.6: This action was not implemented as planned, in that students demonstrated a greater need than anticipated to seek counseling and regular meetings with the Wellness Coach. As a result, the Coach's caseload was increased with more hours at the Dairyland campus and an additional work day at Alview.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

2.1: Under-Budgeted -- Two of five of the District’s custodial staff members had 12-week leaves that resulted in higher than anticipated personnel costs when substitutes were hired. Also the cost for cleaning and maintenance supplies increased considerably over the prior year.
2.6: Under-Budgeted -- The District’s Wellness Coach had a considerable increase to her caseload with resulted in more hours at the Dairyland campus and an additional work day at Alview.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Stakeholders as Partners in Student Education
Parents, family, and community stakeholders will become more fully engaged as partners in the education of students in ADUSD.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Parents, family, and community stakeholders will become more fully engaged as partners in the education of students in ADUSD.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

After consulting with parent groups, staff members, and the ADUSD Board of Trustees, it was clear that this goal needed to remain as an integral part of ADUSD's mission. It is only with effective and honest communication with parents and families that the District can support students' academic goals and social/emotional well-being.
An average of 96% of parents responding to surveys indicated that they feel welcome at their child's school. In the areas of school safety and caring, over 97.5% of respondents felt the District's teachers cared for their children. These results confirm that our efforts have had a positive impact, and will be continued.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
SSC, PTC and PAC Meeting Participation	In 2026, meeting averages were at 92% for SSC, 70% for PTC members and 92% for PAC. [2026 Local Data]	Participation in SSC, PTC, PAC and LCAP Committees will increase by 50% over the baseline attendance rates. [2027 Local Data]
DELAC Committee Attendance	90% attendance. [2026 Local Data]	DELAC meetings will be held with 90% attendance. (2027 Local Data)
Parent Participation at School Events and Assemblies	92% of Alview parents participated in awards assemblies from September-June. 100% of parents attended kindergarten graduation ceremonies, 95% of Alview parents were in attendance for holiday performances. [2026 Local Data]	Parent participation will increase to 90% for awards assemblies, holiday programs, Back to School nights, LCAP informational meetings, etc. [2027 Local Data]

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Most of the actions in Goal #3 were implemented successfully. The year began with the Back to School Barbecue during which approximately 560 parents/students were in attendance. Fall conferences had 99.5% attendance and Parent-Teacher Club quarterly attendance remained at the high levels. In 2025-26, monthly Alview "Library Club" assemblies were very well-attended. On March 11th, the District's Informational Night hosted a presentation on internet safety from the Madera County Sheriff's Department and provided an opportunity for LCAP input; 30 parents were in attendance. With regard to babysitting for Parent ESL classes and meetings, ADUSD was able to utilize high school volunteers instead of District personnel.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no material differences,

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes are planned to goal 3, its annual outcomes, etrics or strategies/activities.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

(1) School Principal

(3) Classroom Teachers

(3) Other School Staff

(6) Parent or Community Members

(0) Secondary Students

Name of Members	Role
Robin Walton	Classroom Teacher
Marisol Ramirez	Other School Staff
Jennifer Martinez	Other School Staff
Melissa Dolzadelli	Parent or Community Member
Delia Souza	Parent or Community Member
Sonia Souza	Parent or Community Member
Sandra Hansen	Classroom Teacher
Cari Tharp	Parent or Community Member
Sheila Perry	Principal
Carley Moore	Classroom Teacher
Valerie Alberton	Parent or Community Member
Mary Bertao	Other School Staff
Amy Carroll	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10/22/26.

Attested:

Principal, Sheila Perry on 7/14/2026

SSC Chairperson, Cari Tharp on 10/22/2026

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code* (*EC*) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.
For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:
Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:
Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:
When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:
This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:
When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:
When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:
Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:
When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Additional ATSI Planning Requirements:
When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach.
A S.M.A.R.T. goal is:

- **S**pecific,
- **M**easurable,
- **A**chievable,
- **R**ealistic, and
- **T**ime-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.
A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:
When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures.
  Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:
- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:
Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.
A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:
   A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
      1. The comprehensive needs assessment of the entire school shall:
         a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
         b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
            i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
            ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
            iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
            iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
            v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
   B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:
   A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
   B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
    a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    b. Use methods and instructional strategies that:
        i. Strengthen the academic program in the school,
        ii. Increase the amount and quality of learning time, and
        iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
        i. Strategies to improve students' skills outside the academic subject areas;
        ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
        iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
        iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
        v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
    1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
    2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
    3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
    1. Ensure that those students' difficulties are identified on a timely basis; and
    2. Provide sufficient information on which to base effective assistance to those students.
G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);

2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf);

   Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (Se*ctions: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- **CSI Planning Summary for Charters and Single-school Districts**: https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
