To Register Online:

• Go to https://www.gobound.com/co/districts/cospringsd11 , click on Coronado Activity & Athletic Registration tab

- Once on the site, you will either Sign in or Create Account if it's your first time on the site. These should be on the top right of the page.
- After creating your account, you will need to add your Athlete. From your family's dashboard, the Quick Links has options to Add Child or Add Guardian. You can have multiple guardians on the family.
- When you click on Add Child, you will fill in your student's name, date of birth, and graduation year. Click next, and select Coronado High School. Next again will bring you to a Student Search. Most likely your student will not already be associated with Coronado through Bound, so you will Create New Student Record.

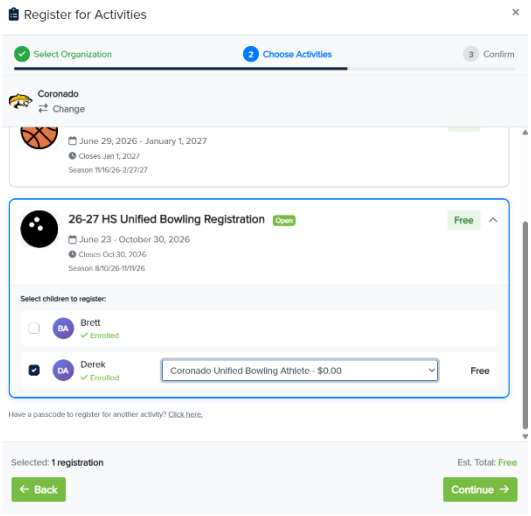

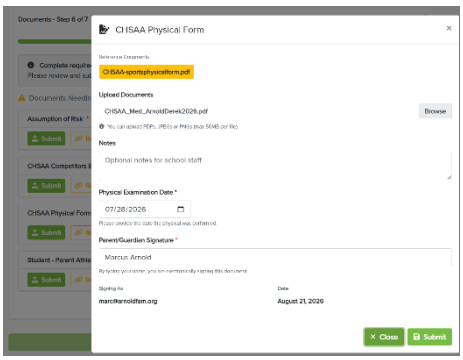

- Clicking next will take you to the confirmation screen. This will complete your students' account creation. Now that their record is created, you can register them for an activity. Click the green Register for Activity under your student's name. When searching for an Activity, make sure you select the school year 26-27 for a list of all activities. By searching Unified, it will bring up just the Unified Sports.

- Select your 26-27 HS Sport Registration, select your athlete, and in the drop down you can select the Coronado sport registration. Click the green Continue at the bottom right and Begin Regisration on the next screen. Now comes the fun part of signing paperwork and getting page 4 of the Physical form uploaded.

- Next to your students name should be an orange continue button. This will take you in to the next steps of the registration process. This is where you can enter your students School ID number if you know it. It is not a required field though. Follow the steps through the next 7 pages. Areas with an asterick (*) are required fields. Others are recommended, but not required.

- Step 6 of 7 is where you will submit the physical and other required forms. Click on the green Submit button and it will pop up a new window to either upload a form, or sign the required documents. As you make your way through the 4 documents, you can also click on the Resources link for more information on that document. Once all 7 steps are completed on this section, you will be taken back to the main page where you can click the green Submit Regstration button. This will conclude your student registration through Bound. You will receive an email once the school administration receives and reviews your students registration. Once that is complete, they will be fully registered.

Come to Athletic Office to get a Blue Card & Clearance Card
