- On-campus
- Just like a college student

- Taught by GHS teachers

#3 DL Distance Learning

GPA AND TESTING REQUIREMENTS

- At least an unweighted **2.75 cumulative GPA** (As & Bs in relevant coursework & additional placement testing may be required—i.e. ACT scores or Accuplacer)
- Below a 2.75 cumulative GPA—grades and testing requirements (see college website)
- Even if you get accepted without a placement test, you may need placement testing such as an ACT score in a particular subject area to qualify to take some courses (i.e. ACT Eng of 18+ to take Comp 1)

THINGS TO CONSIDER PRIOR TO APPLYING

1. Determine what college(s) you need to apply based on the college(s) that offers the class(es) you want to take **EVEN IF IT IS A CLASS AT GHS AND IS ON YOUR GHS SCHEDULE (you may have to apply to multiple colleges).**
2. Do you meet the preferred requirements for the college you are considering (see above)
3. Are you an independent learner?
4. Are you organized and have good time management?
5. Do you take initiative and ownership? (This means the **student** will keep track of applications, usernames, passwords, paperwork, etc. for each college).
6. Students need parental support through the process, HOWEVER, the student MUST be involved in every aspect to ensure the student understands the process and resources.
7. Parents will NOT be able to monitor any CCP grades.
8. College and GHS breaks and holidays are rarely the same. You are responsible for following both calendars.
