College Admissions & Post-High School

Testing

Most Encinal students take the SAT over the ACT. For the classes of 2021 and 2022, fewer than 25 students took the SAT due to Covid-19 testing cancellations and extremely limited test center availability. The number of students taking the SAT has declined as the University of California and California State University systems made the SAT optional for the class of 2021 and dropped the SAT entirely for the class of 2022.
