Passing the full IB Diploma requires the completion of six subjects (three at Higher Level) and all three Core components (TOK, EE, and CAS), while achieving a minimum total score of 24 points, without triggering any failing conditions.

Limited University Applications

ISP encourages students to complete extensive research in order to select their best-fit colleges and universities, and supports a maximum of 10 applications per student.

IB Predicted Grades Accuracy

A predicted grade represents a teacher's professional, evidence-based judgement of the grade a student is most likely to achieve in IB examinations. In 2026, 91.4% of final round predicted grades were within 3 point accuracy (out of 45) of the final IB result.

Grading System

ISP utilizes the IB 1–7 grading scale and does not report a Grade Point Average (GPA) or letter grades. ISP does not rank.
