Location

CISD Administration Building located at 2400 North Carroll Ave, Southlake Texas

Agenda

- I. Gina Peddy welcomed everyone to the meeting and thanked them for serving on DAC.
- II. Gina shared the purpose of DAC.
- III. Gina and Terry shared possible school calendar options with DAC members. DAC members were reminded that when creating a calendar, it needs to meet the needs of our students, staff, community members and district priorities. DAC members were also reminded that the school calendar is set by the number of instructional minutes in a day not the school day itself. Since the state legislature is looking at possibly starting school after Labor Day, DAC was shown an example of how the school year would look if we delayed the start of the school year. This would allow: more flexibility for family vacations and summer programs, potential savings in district operating costs, helpful for families who relocate during the summer, and reducing heat exposure for our students during the summer activities. DAC members discussed advantages and concerns regarding the options and then they were told to talk to staff members and community members regarding the possible options and report any new findings to Gina no later than Monday, November 9th.

The meeting adjourned at 5:10 PM.
