Dr. LaVonne McClain, Principal *Christopher Stanton, Assistant Principal*

To the Families of Eastman Leadership Academy,

Greetings,

I am Dr. LaVonne McClain, and I am proud to serve as the interim principal of Eastman Leadership Academy. I have spent more than twenty-five years in education in Halifax County Schools, working as an elementary teacher and instructional coach, secondary school administrator, and district leader.

No matter the position held, my focus has always been on putting students first, supporting teachers, and helping children succeed. My goal at Eastman is simple. I want our students to feel safe, our teachers to feel supported, and learning to come first every day.

I also believe parents and schools have to work together. We all want what is best for our children, and it takes all of us to make that happen. I look forward to getting to know our families, hearing from you, and working together to help our students grow.

At Eastman, we follow **The Kodiak Way: Be Safe, Be Respectful, Be Ready.** These are expectations we teach, practice, and model every day. I am excited to be part of the Eastman family, and I look forward to what we can accomplish together.

I would also like to take a moment to recognize our founding principal, Ms. Katina Lynch. We sincerely thank her for her years of service in education and for the vision, dedication, and heart it took to open Eastman Leadership Academy. I have had the opportunity to work closely with Ms. Lynch during this transition, and I appreciate her support. We wish her all the best as she begins her well-deserved retirement.

I am excited about this next chapter for Eastman, and I look forward to building on the foundation already in place.

We Are Eastman, and I am Kodiak Strong!

Sincerely,

LaVonne McClain

Dr. LaVonne McClain
Interim Principal
