

Teacher Leader Fellowship Academy

Why this program matters:

- **Retention:** Teachers who see a path to leadership **while remaining in the classroom** are more likely to stay, which matters most amid teacher shortages.
- **Attract New High Quality Educators:** Today's educators seek districts that invest in their growth. TLFA creates a professional cultural that **offers educators meaningful self-directed opportunities for leadership, innovation and collaboration across districts.**
- **Flexibility and credentials:** Teachers participate in workshops outside of school hours while earning digital credentials.

INVESTMENT

1 workshop:	\$125
2-5 workshops:	\$100 each
