COM NETWORK INDICATORS

Com, short for The Community, is a decentralized network of groups whose members engage in a variety of criminal activity; including, but not limited to, extortion, hacking, and in-real-life related actions.

TERMS

Term / Phrase	What It May Indicate
Fansign / Cutsign	Self-harm where the child is coerced into carving names, symbols, or messages into their skin.
Task / Assignment / Mission	Common language used by groomers to instruct children to perform harmful acts, often escalating.
Proof / Send proof	A demand for photos/videos as proof of completing tasks (often abusive).
Trade / Set	Slang for sharing exploitative or explicit material.
Wanna play a game?	Often used to initiate manipulation disguised as fun but leading to dangerous tasks.
You're chosen	A method of making the child feel "special" before giving them abusive tasks.
NSFL / Gore / Red Room	Terms related to extremely disturbing or violent content, sometimes linked to digital abuse or sadistic content.
O9A / Order / Iron Gates	References to Order of Nine Angles (O9A) ideology; often used as symbolic justification for abuse, manipulation, or violence.
Inferno / Haven / Vault	Code names for 764 subgroups or shared file folders used to distribute content. May appear as usernames or Discord server names.
Verification pic	Often a way to coerce children into sending explicit or self-harm images as "entry" into a group.
Swat / Doxx / Leak	Threats involving releasing personal info or calling emergency services on someone falsely (swatting). Used to intimidate victims.
Lorebook	A collection of derogatory material regarding an individual including a combination extorted CSAM, self-harm images, narratives of their activities within com, etc.

BEHAVIORS

Sudden secrecy (new apps, hidden chats, passwords on everything)

Body mutilation by carving words or symbols into their skin

Writing in blood, or anything that looks like blood

New usernames involving numbers like 764, 999, or dark/morbid words

Use of anonymous browsers (Tor), Discord, Telegram, or Kik excessively

Drastic change in language — using dark, cryptic, or ritualistic phrases

Receiving "tasks" or "missions" from someone online

Expressing devotion to an online "friend" or "leader"

Language about "proving loyalty," "earning trust," or "tests"

Mentions of recording or livestreaming acts (even self-harm)

Pets being harmed or dying under mysterious circumstances

PHYSICAL EXAMPLES
