ANNUAL PROGRAM EVALUATION

LOOKING BACK

Think about last year's family engagement opportunities, communication, resources, and support

FAMILY EVALUATION

- Which family activities or resources were most helpful last year?
- What made it difficult for families to participate?
- What should we keep, change, or add this year?
- What would make engagement feel more welcoming and useful?

PARENT & FAMILY ENGAGEMENT PLAN

The plan should answer:

- How will families receive timely, understandable information?
- What academic workshops and resources will help families support learning at home?
- How will communication be truly two-way?
- How will the school reach families who may not attend traditional events?
- How will family feedback shape activities throughout the year?
