Post-Course Selection Items

What Can You Do Now?

The master schedule is created each spring based on the student course selection verification process. Requests for course changes may be made during the following two windows and are subject to availability:

1. **Course Verification Period (1/29/27 to 2/5/27)** - In late January, your guardian will receive communication regarding how to view your course selections. They will need to either confirm the classes or follow the directions to make changes by the deadline.
2. **Summer (6/1/27) through the start of school** - School counselors will be here during summer school hours and can help students make course changes, based on availability.

- Take advantage of our **Career Exploration Program** . These opportunities include job shadows, virtual meetings, work-based learning experiences, and more. In addition, you can receive individual guidance for resume building, interviewing tips, and general discussion about career opportunities. We also encourage you to explore **Naviance**, our online tool to assist students with college planning and exploring college and career information. Scan the QR codes below to learn more!

Career Exploration Program

Naviance

- Check out **Summer School** offerings. Online registration will begin in mid-to-late January.
  - **Career exploration classes**
  - **Fine Arts classes - remember that some colleges require these!**
  - **Applied Arts classes - business, driver education**

- Attend upcoming events presented by the **College and Career Center**:
  - **First Generation Nights (11/19, 2/9, 4/20)**
  - **Summer Job Fair (2/12)**
  - **Career Ready/Trade Expo (3/3)**
  - **Military Week (3/8 - 3/12)**
  - **Sophomore Family College and Career Night (3/10)**

Items to Consider:

- **Tech Campus** field trips have not yet been determined for 2nd semester. Please contact Applied Arts for more information.
- Please complete any applications needed for PE Leadership and Dance Leadership on the website.
