Eden Area ROP

ANNUAL REPORT 2026

www.edenrop.org

FROM THE SUPERINTENDENT

Dear Community Members and Partners,

The Eden Area Regional Occupational Program (EAROP) provides young people in our four school districts and our adult community with clear, defined, and articulated Career Technical Education (CTE) pathways to their future. The EAROP creates an environment for students to further their educational goals in the context of their career goals, celebrating who they are and their place in the world. We intentionally bring together soft skills, technical skills, and academic skills to holistically prepare students for careers that inspire purpose and service.

Each year, more students choose CTE because they see the value of hands-on learning. They are not turning away from college or high-wage and high-demand careers. They are turning towards relevant learning experiences that build meaning. They are turning towards a pathway – a purposeful road to economic independence and mobility.

At EAROP, this road is one of defined landmarks, including rigorous A-G coursework so that students are challenged. It includes hands-on learning so that students feel and touch what it means to apply what they have learned. It includes being mentored by instructors, advanced students, and support staff. The road certainly includes work-based learning, which pulls away the veneer that hides the world of the workplace. The importance of students knowing what the world of work looks like cannot be understated. Put aside the many benefits of work-based learning and remember that for anyone to see their future, they must know the possibilities. And those possibilities are endless.

Our industry and agency partners bring to life the many possible futures for our students. They reinforce the relevance of what students are learning, and most importantly, our partners model a passion for their profession, which can serve as a mirror where students can see themselves or a window where students discover something they had never considered before.

Despite student demand for relevant and meaningful learning experiences and industry's demand for a skilled and talented workforce, ROPs and CTE face a fiscal threat. Almost half of our annual budget is grant-funded, and while the state of California is trying to support Career Technical Education, the solution of dedicated funding for CTE and ROPs has not been resolved.

But our resolve has not been diminished or weakened. Our insistence that our students deserve every opportunity has only been strengthened by these challenges. Our partnerships have only fortified our resolve to build an ecosystem of support and guidance. Together, we can meet students on the road to their future and lead them to the world of work– rich in service, opportunity, and purpose.

Blaine C. Torpey
Superintendent

MISSION STATEMENT

The mission of the Eden Area ROP is to build a foundation for students that prepare them academically, technically, and professionally to meet challenging opportunities of the 21st Century with confidence and purpose.

OUR VISION

Our vision is to embody our Core Values, leveraging our trained skills and knowledge to become visionary leaders in our careers and inspire social and economic growth in our communities.

CORE VALUES

EQUITABLE

We believe in fostering belonging and creating a safe and inclusive environment that works to eradicate the impacts of racism, bias, discrimination, and privilege.

ACCESSIBLE

We believe all students, families and staff should feel seen, heard, welcomed, included, respected, and have access to economic and educational mobility.

RESTORATIVE

We believe instruction should be culturally and historically responsive, restorative, trauma-informed, ethical, and prepare students for a path to self-fulfillment and self-actualization.

OUTCOMES

We believe our students will find a pathway with confidence and purpose that guides them towards a career, college, service to others, and life-affirming endeavors.

PROFESSIONAL

We believe excellence is the standard, as such, we will work with integrity, transparency, respect, and clear communication.

WE BELIEVE IN THE EDEN AREA ROP!

ABOUT US

Regional Occupational Programs (ROP) are one of the longest standing forms of post-secondary career preparation in California. The Eden Area ROP is a dynamic educational organization whose mission is to prepare students for careers and further education as well as to instill workplace values that will enable them to compete successfully in the economy of today and the future.

We specialize in Career Technical Education that transforms student aspirations into reality and builds a pipeline of workforce talent for regional businesses. Experience is the greatest teacher at the Eden Area ROP. Our programs focus on industry-specific skills that span across 13 different industry sectors, with courses located at both the EAROP Center and the student's high school campus.

Our courses are University of California A-G approved and offer early college credit through successful completion of the course. Additionally, we cultivate relationships with business partners that create opportunities for internships and other innovative work-based learning activities.

The Eden Area ROP is accredited by the Western Association of Schools and Colleges. As a Career Technical Education provider, the Eden Area ROP partners with:

Castro Valley Unified School District
Hayward Unified School District
San Leandro Unified School District
San Lorenzo Unified School District

SUPERINTENDENTS
Dr. Nia Rashidchi, CVUSD
Chien Wu-Fernandez, HUSD
Dr. Sonal Patel, Acting, SLUSD
Dr. Daryl Camp, SLzUSD

EAROP GOVERNING BOARD MEMBERS
Juan Campos, President (SLzUSD)
Dolly Adams, Vice President (CVUSD)
Zachary Borja, Member (SLUSD)
Austin Bruckner Carrillo, Member (HUSD)
Abbigail Jones, Student Member (SLUSD)
Kaylie Vazquez, Student Member (HUSD)

We appreciate the support and collaboration with the administrators from our partner districts.

SENIOR HIGHLIGHT

PROGRAM IMPACT

Jeffery Arthur

MEDICAL CAREERS II

My name is Jeffery Arthur, and I am finishing my second year in the Medical Careers program at Eden Area ROP. During my time at ROP, I have grown both professionally and personally through experiences that have prepared me for my future career pathway. Through the Medical Careers program and internship opportunities, I interned at an oncology center in Castro Valley, where I gained hands-on experience and learned more about what it means to work in the medical field. These experiences helped strengthen my confidence, professionalism, and leadership skills.

Another major part of my journey at ROP has been the Ambassador Program. For the past two years, I have had the opportunity to build connections with students and staff while helping support events, tours, and activities across campus. This year, I was honored to serve as an Ambassador Assistant and later became the first-ever PM Student Board Member at Eden Area ROP. Through this role, I worked closely with Mr. Torpey and the Board to help represent student voices and perspectives within our school community.

One project I am especially proud of is introducing a plan to ensure students across all programs have the opportunity to become CPR certified before graduation, promoting safety and preparedness throughout our community. This year, I was also honored to be recognized as Student Citizen of the Year by the Castro Valley Chamber of Commerce.

I would like to thank Ms. Lilly for always encouraging my leadership growth and believing in me throughout these past two years. I would also like to thank Ms. Bystrom, Mr. Torpey, my family, and everyone who has supported me throughout my journey at ROP.

Eden Area ROP has given me opportunities, experiences, and leadership skills that I will carry with me for the rest of my life. Thank you.

SENIOR HIGHLIGHT

PROGRAM IMPACT

Sofia Castellanos

MEDICAL CAREERS II

My name is Sofia Castellanos, and I am a Medical Careers II student at Eden Area ROP.

When I first joined the ROP program two years ago, I knew I wanted to pursue a career in the medical field, but I wasn't fully sure which path was right for me. Through the Medical Careers program and an internship at Progressive Urgent Care - Castro Valley, I gained hands-on experience, developed leadership skills, and better understood the many career opportunities in healthcare. These experiences helped me grow both personally and professionally while preparing me for my future career pathway.

Another huge part of my ROP journey has been the Ambassador Program. During my two years as an Ambassador, I had the opportunity to help lead sophomore tours, presentations, campus events, and activities that connected me with students, families, and staff throughout our community. I was also honored to become the first-ever Ambassador Assistant and the first-ever AM Student Board Member representing Eden Area ROP. These experiences helped me become more confident, responsible, organized, and comfortable stepping into leadership roles.

Beyond ROP, I am also involved in Girl Scouts, cheerleading, soccer, and choir. One of my proudest accomplishments has been starting my Girl Scouts Gold Award project to bring water refill stations to the ROP campus and better support students and staff. I want to especially thank Mr. Torpey for supporting this project and helping turn this idea into a reality.

I would also like to thank Ms. Lilly for always believing in me, supporting me, and encouraging my leadership growth throughout these past two years. Lastly, thank you to my family, teachers, and everyone who has supported me throughout this journey.

Eden Area ROP has given me confidence, leadership skills, friendships, and experiences that I will carry with me for the rest of my life. Thank you all for being part of my story.

CERTIFICATED STAFF OF THE YEAR

Megan Bello

MERCHANDISING OCCUPATIONS INSTRUCTOR

Megan Bello brings patience, passion, and genuine care to her work as the Merchandising Occupations Instructor at the Eden Area ROP. Through her program, Megan supports students with disabilities as they develop workforce readiness, life, and social skills that prepare them for greater independence and future employment. Her thoughtful approach creates an environment where students feel understood, supported, and encouraged to succeed.

Megan's commitment extends beyond the classroom as she helps students transition their learning into real-world experiences and collaborates with colleagues and programs, including STEP, to support student success. She models ROP values through her compassion, teamwork, and dedication to creating meaningful opportunities for every student.

Above all, Megan brings warmth and encouragement to the EAROP community. She celebrates the successes of her students and colleagues as if they were her own and approaches her work with kindness and enthusiasm. Her dedication to students, collaboration, and community reflects the very best of our certificated staff.

CLASSIFIED STAFF OF THE YEAR

Stacy Gibson

MERCHANDISING OCCUPATIONS
INSTRUCTIONAL ASSISTANT

Stacy Dixon is the kind of person who makes the Eden Area ROP a better place simply by showing up as herself. Dependable, positive, and always willing to lend a hand, Stacy consistently goes above and beyond to support students, staff, and schoolwide activities. Whether helping with major events or stepping in wherever she is needed, Stacy embodies what it means to be a true team player.

With 20 years of experience at EAROP, Stacy brings an incredible depth of knowledge to her work and generously shares it with those around her. Her commitment extends beyond her daily responsibilities through her continued support of schoolwide events, student activities, and the Ambassador Program, where her connection with students and willingness to help have made her an invaluable part of the team.

Above all, Stacy brings joy to the EAROP community. Her colorful spirit, humor, and positive energy brighten the spaces she enters, while her genuine care for others leaves a lasting impression. Her dedication, kindness, and unwavering support represent the very best of our school community.

CLASSIFIED STAFF OF THE YEAR

Jessica Guevara

ADMINISTRATIVE SUPPORT SPECIALIST

Jessica Guevara exemplifies professionalism, dependability, and a genuine commitment to the Eden Area ROP community. Known for her kindness, thoughtful communication, and willingness to help, Jessica consistently approaches her work with a positive attitude. Whether responding to requests, answering questions, or stepping in when additional support is needed, colleagues know they can rely on her.

Jessica is a dedicated team player who takes initiative to understand processes, asks thoughtful questions, and continually looks for ways to contribute. Her involvement with the Safety Committee, Social Committee, and EAROP equity initiatives reflects her commitment to building an organization where students and staff feel supported, welcomed, and valued.

Above all, Jessica leads through service. Her reliability, adaptability, and compassion have earned colleagues' appreciation throughout EAROP, and her commitment to equity and community reflects the values at the heart of our organization. Her thoughtful approach and willingness to support others make EAROP stronger.

ROOKIE OF THE YEAR

Jazmin Marquez

WORK-BASED LEARNING SPECIALIST

Jazmin Marquez joined the Eden Area ROP ready to make an impact. From the beginning, she brought enthusiasm, experience, and a strong work ethic to her role, quickly becoming an invaluable member of the Educational Services team. Dependable, adaptable, and always willing to help, Jazmin approaches each day with positivity and a genuine commitment to supporting students, instructors, and colleagues.

In a short time, Jazmin has helped coordinate meaningful guest speakers, career events, industry presentations, and work-based learning opportunities for students. She has also supported instructors with CATEMA enrollment and provided encouragement and assistance to STEP Program interns. Her ability to build relationships and turn collaboration into opportunities for students demonstrates both initiative and a strong commitment to student success.

Above all, Jazmin has embraced the EAROP community wholeheartedly. Her welcoming personality, strong communication, and willingness to get involved have allowed her to quickly become a trusted member of the team. Jazmin's drive, professionalism, and student-centered approach demonstrate just how much of an impact someone can make in their very first year.

ADULT PROGRAMS OF THE YEAR

Todd Daugherty

ELECTRICAL INSTRUCTOR (DAY ADULT PROGRAMS)

Todd Daugherty has been teaching adult electrical classes for the past eight years, bringing his career full circle at the Eden Area ROP. A 2003 graduate of the same electrical training program he now teaches, Todd combines his experience as a former student with electrical training from the U.S. Navy and years of experience as a certified electrician.

This unique perspective gives Todd a strong understanding of what students need to successfully transition into the workforce. He models the professionalism, preparation, and planning required to succeed both in the classroom and in the field, providing students with instruction grounded in real-world industry experience.

At EAROP's Turlock location, Todd independently maintains the facility while teaching all adult electrical classes. His dedication, industry knowledge, and commitment to his students make him an invaluable part of the Adult Programs team—and, as his colleagues fittingly describe him, a true “one-man Navy.”

PARTNERS OF THE YEAR

Community and business partnerships provide the sinew between career development preparation and the world of work. Partners advise on curriculum and industry standards, host internships, and connect learning to students' lives. As guest speakers, they inspire students to see themselves as future industry leaders.

Hundreds of businesses and organizations have contributed their time and expertise to support our students last year. Among them, several dynamic business and community partners were nominated by instructors and partner districts as Partners of the Year.

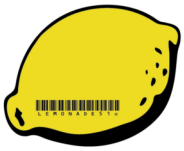

Eden Area ROP's Business Partner of the Year

SOUTHERN ALAMEDA COUNTY DENTAL SOCIETY

Southern Alameda County Dental Society

A great business partner doesn't just provide an opportunity; they create experiences that help students see themselves in a profession. The Southern Alameda County Dental Society, with the leadership and dedication of Melinda Sciandri, has been an exceptional partner to our Dental Assisting program. Through the Give Kids a Smile event, students have worked alongside dental professionals while providing an important service to their community. Through mock interviews, students have strengthened their communication skills and gained confidence interacting with industry professionals. Most importantly, these experiences have led to real connections and, for several students, employment opportunities. This partnership demonstrates the powerful impact that can happen when education and industry work together with a shared commitment to student success. It is our honor to recognize the Southern Alameda County Dental Society as the Eden Area ROP's Business Partner of the Year.

Eden Area ROP's Community Champion of the Year

Jade Le

Owner of Lemonade51o

Jade Le is one of those partners that becomes an essential part of a student's learning experience. As the owner of Lemonade51o and a creative professional, Jade generously shares her time, knowledge, and passion with students in our Arts, Media, and Entertainment programs. She gives students an authentic look at what it takes to build a career in the creative world, while encouraging them to see possibilities for themselves. Whether speaking with a classroom or engaging with students across our partner districts, Jade brings enthusiasm, honesty, and encouragement to every interaction. Her willingness to invest in young people reminds us that a strong community is built when professionals open the door and invite the next generation in. We celebrate Jade Le as the Eden Area ROP's Community Champion of the Year.

Eden Area ROP's Workplace Learning Champion of the Year

Ye Ye

Owner of Beard Papa's

Ye Ye, owner of Beard Papa's, has opened her doors to Eden Area ROP students in meaningful and memorable ways. From guest speaking and welcoming students into her restaurant to providing hands-on opportunities to learn the art of making cream puffs, she brings the workplace directly into the learning experience. Through her partnership with CVHS DECA, students have also gained valuable experience supporting community events. And through the WIOA program at Eden Area ROP, she has provided Culinary students with internship opportunities that allow them to turn their skills into real-world experience. For her generosity, mentorship, and commitment to helping students learn by doing, we are proud to honor Ye Ye as the Eden Area ROP's Workplace Learning Champion of the Year.

Castro Valley Unified School District Business Partner of the Year

Jean Hansen

Architecture, Construction, and Engineering Mentor Program

For engineering students, sometimes the most important step toward a career is meeting someone who can show them what that career actually looks like. Jean Hansen has helped make those connections possible for students at Castro Valley High School through her work with the ACE Mentor Program. Jean helps coordinate guest speakers, mentorships, and other work-based learning experiences that bring the engineering profession to life for students. Her impact can be seen in the opportunities that have followed: every senior who applied for an ACE Mentor scholarship received one, and a junior student earned an externship. Even more telling is the number of students now pursuing paths in Civil Engineering and Architecture. Through her dedication, Jean and the ACE Mentor Program have helped students move from imagining a future in engineering to taking real steps toward achieving it. We honor Jean Hansen and the ACE Mentor Program as the Castro Valley Unified School District Business Partner of the Year.

Hayward Unified School District Business Partner of the Year

Alameda County Superior Court

Government and public service can feel like distant concepts to students, until they have the opportunity to step inside and experience them firsthand. Through an outstanding partnership with HUSD, the Alameda County Superior Court has helped make that experience possible. Five student interns were given meaningful work-based learning opportunities within a professional government setting, allowing them to gain firsthand knowledge of the workplace while developing skills and confidence that extend far beyond the classroom. Their willingness to welcome students into the world of public service demonstrates the value of connecting education with authentic professional experiences. For creating opportunities that help students learn, grow, and envision themselves in new career settings, we are pleased to recognize the Alameda County Superior Court as the Hayward Unified School District Business Partner of the Year.

San Leandro Unified School District Business Partner of the Year

Kaiser Permanente

San Leandro Medical Center

For students considering a career in healthcare, there is no substitute for seeing the profession up close. Kaiser Permanente's San Leandro Medical Center has helped make that possible by creating job shadow opportunities, allowing students to explore the many career paths within the medical field. These experiences give students more than a glimpse into a workplace - they provide an opportunity to observe professionals, ask questions, understand the day-to-day realities of healthcare careers, and begin imagining where their own skills and interests might take them. By opening their doors and investing time in the next generation of healthcare professionals, Kaiser Permanente is helping students make informed decisions about their futures. We are proud to recognize Kaiser Permanente, San Leandro Medical Center, as the San Leandro Unified School District Business Partner of the Year.

San Lorenzo Unified School District Business Partner of the Year

Eduardo Gonzalez

Owner of LemonAd Media

The best work-based learning experiences don't end when an internship does; they can become the beginning of a career. Eduardo Gonzalez, owner of LemonAd Media, has created exactly that kind of pathway. For SLzHS student Mia, what began as a three-month junior-year internship in social media marketing and behind-the-scenes video production grew into a part-time position during her senior year. Eduardo has also continued to invest in students beyond the workplace, visiting classrooms each year to share his industry expertise and give students an authentic perspective on careers in creative and hospitality fields. His partnership demonstrates what it looks like when an employer sees potential in a student and provides the opportunity to help that potential grow. We are proud to recognize Eduardo Gonzalez as the San Lorenzo Unified School District Business Partner of the Year.

EAROP Superintendent's Award

Grocery Outlet and Walgreens

Eden Area ROP is proud to recognize Grocery Outlet on Hesperian Boulevard and Walgreens at Winton & Hesperian as our Superintendent's choice award for their commitment to our Eden Area ROP workability program and our students with disabilities. As mentor businesses, these two businesses open their doors as training sites, giving our students the opportunity to practice workplace skills such as collaborating with others, following workplace rules and expectations, and being responsible and dependable in a real work environment.

Walgreens has partnered with Eden Area ROP for more than 10 years, where students practice real job tasks such as stocking, checking expiration dates, facing products, and completing go-backs. Their communication, teamwork, and staff support help our students feel welcomed and successful.

Grocery Outlet on Hesperian Boulevard has been a strong, flexible business mentor for 7 years, welcoming many of our students and providing hands-on tasks such as cart retrieval, facing products, go-backs, packing, and maintaining the store.

Most importantly, these partnerships give our students hands-on learning, confidence, independence, first-job experience, and the pride of earning their own paycheck, helping prepare our students with disabilities for success in the workforce. We are truly grateful to Walgreens and Grocery Outlet for being valued partners in making these opportunities possible.

WORK-BASED LEARNING

EAROP has a dedicated team of Work-Based Learning Specialists that coordinate many of the CTE guest speakers, internships, and field-trips for our Center and partner districts.

In the 2025-2026 school year the Work-Based Learning team successfully linked industry to students in the following ways:

63 FIELD TRIPS

94 GUEST SPEAKERS

216 INTERNSHIPS

11 CTSO* EVENTS

**Career and Technical Student Organizations*

Work-Based Learning presents students with a variety of activities to promote and develop career awareness and prepare them for jobs in their chosen field. WBL often guides students from career exploration to hands-on training. Community and business partners are a key component and provide students with relevant experiences to further impact student learning outcomes.

The Eden Area ROP supports all partner district CTE pathways with the coordination and implementation of Fall and Spring Advisory meetings. These meetings are essential and bring together industry representatives to provide support with establishing, operating, strengthening, and evaluating our CTE programs. These collaborative meetings provide a foundation for relevant instruction to prepare students for the workplace.

ADULT PROGRAMS

The goal of the Adult Education Department is to offer a fee-based, high quality career technical training program that leads to high-skill and high-wage entry-level (and beyond) employment opportunities.

We offer classes four nights per week as well as a combination of short-term and long-term training options depending on the program.

The Eden Area ROP Adult Education department offers the following programs:

ELECTRICAL TRAINING

1,200+ Continuing Ed in 2026

Continuing education classes in the evening to maintain electrical certification

75 Accelerated in 2026

Accelerated electrical day class where students earn an Electrical Training card.

The Electrical Training Program offered on the EAROP campus is in conjunction with the Construction Craft Training Center (CCTC #109). We serve electrical trainees between our Hayward and Turlock campuses.

Eden Area ROP Adult Education also serves as the Local Education Agency for the ABC NorCal Apprenticeship Program.

DENTAL ASSISTING

23 Daytime in 2026

Daytime Dental Assisting program where students may earn their Dental Assisting certificates.

146 students received Dental Stand Alone Board Approved Certifications in Infection Control, Radiation Safety, Coronal Polishing, and/or Pit and Fissure Sealants.

DIRECT SUPPORT PROFESSIONAL (DSP)

2,075+ students in 2026

Direct Support Professional (DSP) training for employees working in facilities providing assistive care

CLINICAL MEDICAL ASSISTING

21 students in 2026

Clinical Medical Assisting (CMA) Certificate Program

CYBERSECURITY (NEW)

7 students in 2026

7 students received Cybersecurity completion certificates

FEDERAL

REVENUE

$360,047

TOTAL

REVENUE

$19,451,484

FUNDING

In 2013 2014, direct funding for Regional Occupational Programs (ROPs) was eliminated by the state. Under the Local Control Funding Formula (LCFF), funds that were earmarked for ROPs were included in the base funding for districts and county offices, and the requirement to use those funds for CTE was eliminated.

Eden Area ROP partner districts, unlike many districts across the state, maintained their commitment to CTE and the benefits it provides students. Their commitment is steadfast, and all the more important as educators around the state use the CTE model to connect students to their future.

To provide additional support to our students and partner districts, Eden Area ROP aggressively seeks additional funding opportunities that align with our vision, mission, and core values. Below are some examples of critical funding streams to support ROP and CTE students.

CTEIG

CAREER TECHNICAL EDUCATION INCENTIVE GRANT

CTEIG is intended to maintain and improve CTE programs. Eden Area ROP successfully applied for this grant on behalf of our partner districts and received $2,496,858 for the 2025 2026 allocation year.

SWP

STRONG WORKFORCE PROGRAM

SWP provides funding to support high-quality CTE aligned with Strong Workforce Regional Priorities. Eden Area ROP successfully applied for Round 7 and Round 8 and received $3,918,517 to support ROP and our partner districts from July 2025 to June 2028.

WIOA

WORKFORCE INNOVATION AND OPPORTUNITY ACT

In collaboration with the Alameda County Workforce Development Board, Eden Area ROP uses $169,638 of WIOA funding to provide targeted workforce readiness support for disproportionately impacted youth.

STEP Forward

STUDENT TRAINING AND EMPLOYMENT PROGRAM

Also, in collaboration with the Alameda County Workforce Development Board, Eden Area ROP was awarded funding to support workforce readiness training and paid work experience for students with disabilities.

CAI

CALIFORNIA APPRENTICESHIP INNOVATION GRANT

Eden Area ROP was awarded $1,552,398 to support our development of an Apprenticeship for Dental Assisting and Pre-Apprenticeships for Dental Assisting and Careers in Education.

GSPP

GOLDEN STATE PATHWAYS PROGRAM GRANT

To support our students and staff in Health, Education, and Zero-Emission Vehicle Technology, Eden Area ROP was awarded $1,055,057.

MCEC

MIDDLE COLLEGE EARLY COLLEGE GRANT

Through the CA Department of Education, EAROP was awarded $250,000 to support the planning for Chabot Middle College, which is slated to launch in Fall 2027.
