10.29.26
TFMS Parents,

We have had a wonderful start to our week here at school. This started with our great news last week about continuing to be a green school. We saw some amazing growth in just about every area. I shared with our teachers last week that these results speak volumes to the wonderful work they are doing each and every day. We were able to have a little appreciation lunch for them last week and it was great! The more time I spend here, the more I realize that we truly do have a hidden gem of a school!

School Fundraiser Information:

- Last week, ALL students got information about our school wide fundraiser. Students got booklets and information about the fundraiser. The sales window is open through 11/11/26. Please see the fundraiser sheet for additional information!
- We did not have many registered students for the fundraiser so far, this is typically our largest PTO fundraiser of the school year. I cannot stress enough how beneficial this fundraiser is to our students and teachers here at school!

Parent Teacher Conferences

We will be having Parent Teacher Conferences next Monday from 4:30-6:30 PM. I have asked teachers to select 10 families that they really need to meet with and give them a priority sign up opportunity. If you got a sign up emailed to you from a teacher, it just means that they have some concerns that they would like to share. If you did not get a priority sign up, please do not be worried. Teachers will have time slots available by their respective classrooms.

A couple special notes:

- Teachers may ask to meet with or without your child present, please be flexible with these requests.
- You can choose to bring your child or not to parent/teacher conferences.
- Meetings with teachers will be a maximum of 10 minutes. We have many families to try and meet with. If you would like more time than this, you should reach out to your child's teacher(s) to set up a phone conference or separate meeting.
- Sign up spots will be available on a first come first serve basis.

We are excited to open our doors to the community and we hope to see many of you there!

Ignite Information for the 2027-2028 School Year - The application for new students interested in attending the Ignite Institute for the 2027-2028 school year is open. All 8th graders from Kenton County Middle Schools will be given the opportunity to visit on a

field trip to Ignite for a presentation and tour. The application can be found here. The application deadline is Sunday, November 22 at 11:59 PM. Any questions regarding the application should be directed to Ignite at 859-817-3570 or by reaching out to Assistant Principal, Brian Noll, at brian.noll@kenton.kyschools.us

I hope everyone has a great rest of the week!
