NOVEMBER Newsletter

WELCOME NOVEMBER:

Dear Northeast Tapestry Families,

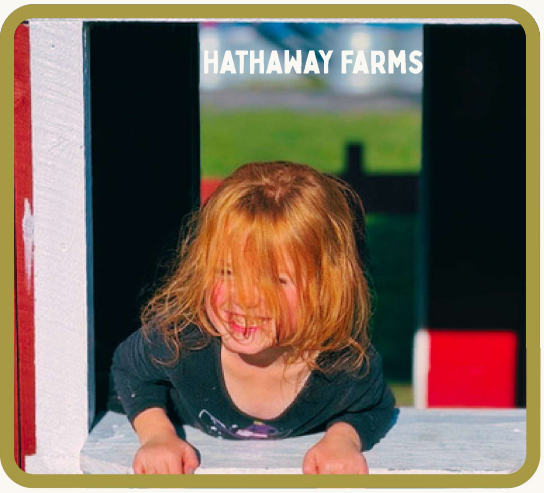

November is bringing a wonderful mix of hands-on learning, exciting enrichments, and opportunities to celebrate the season at Northeast Tapestry!

Our month will be filled with science adventures by exploring water battles, discovering the wonders of shadows through shadow puppets and a visit from Wonderfeet. Children will also get creative with fall-inspired projects, from thankful trees and turkey crafts to apple sailboats and turkey tail tag!

Starting in November, we're excited to introduce Student-Led Activities at Northeast Tapestry! With the help and guidance of Mrs. Kohl, children will have the opportunity to choose something they are passionate about or enjoy and teach it to their peers. This is a wonderful way to build confidence, encourage creativity, develop leadership skills, and celebrate the unique interests and talents of our students. We can't wait to see what they share with one another!

We'll continue building important social-emotional skills through activities focused on kindness, gratitude, and understanding our feelings. Our kids worked incredibly hard demonstrating acts of kindness throughout September and October, and they earned their celebration! An ICE CREAM PARTY- NOVEMBER 24th. This celebration recognizes the many thoughtful, respectful, and caring actions we've seen from our Northeast Tapestry kids.

As we approach Thanksgiving, we look forward to celebrating all the things that make our Tapestry community special.

UPCOMING EVENTS:

- **11/11 - NO Tapestry**
- **11/24 - Kindness Celebration**
- **11/25-11/27 - NO TAPESTRY**

HAPPY THANKSGIVING

OCTOBER RECAP:

We enjoyed a fantastic field trip to Hathaway Farms, where children experienced the very best of fall fun. From pig races to exploring the corn crib, meeting farm animals, and taking a scenic tractor ride, the afternoon was packed with laughter, learning, and memories.

To top off the month, we had a wonderful Fall Festival to celebrate Lights On Afterschool! Thank you to all the families who joined in and helped highlight the incredible things happening in our Northeast Tapestry Program.

We also celebrated the season with fall-inspired crafts, including our fall tree craft, and got creative with activities like making playdough and exploring our imaginations through hands-on projects.
The fun continued with a variety of engaging activities, from word hunts to Roll-a-Monster, and Halloween-inspired fun!

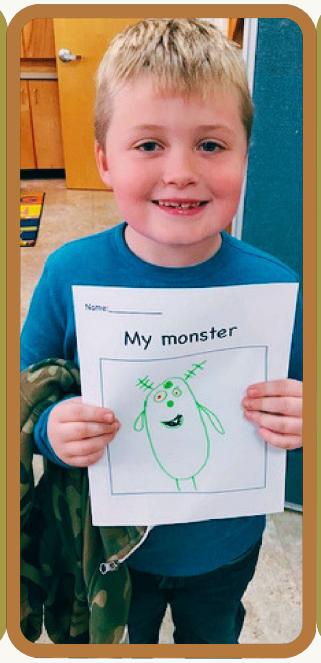

We wrapped up the month with plenty of spooky seasonal excitement, including flying bats and Boo Bump Math Game.

Warmly,
The Northeast Tapestry Team
