Sally Sherman, Principal

Dear Families,

Welcome to the screening and monitoring component of our program. As was described in the Goodyear Family Handbook, most children who are enrolled in our program are offered a developmental screening within the first three months of entering school. Because early development is so important, we want to help you provide the best start for your child. We provide the Ages and Stages Questionnaires, Third Edition (ASQ-3) and the Ages and Stages-Social Emotional (ASQ-SE) to help you keep track of your child's development. The questionnaires include questions about your child's communication, gross motor, fine motor, problem solving, and personal-social skills.

The Office of Early Childhood has created an App you can download on your phone called Sparkler. This App allows families an easy way to complete the ASQ screenings and automatically sends them to your child's teacher. Use the QR code below to download the App. When registering you must use our Access Code **KillinglyPS.** Please register and complete the ASQ & ASQ-SE questionnaire by Monday, November 2nd. If you have any questions or would like help gathering the information, please do not hesitate to ask. Staff is available to help if needed.

All results are shared with families and are confidential. Most scores will indicate no concerns however if concerns are noted, then you and the school staff may want to monitor more frequently, provide additional help, and/or consider seeking a more comprehensive assessment.

Thank you for taking the time to complete this screening with your child. No one knows your child better than you; your input is deeply appreciated.

Sincerely,

Sally Sherman
Principal
