MTAS M Gr 8

Your Student's Mathematics Performance Details

Minnesota Test of Academic Skills (MTAS) Scoring Rubric

The MTAS consists of nine performance tasks per subject. For each task, points are earned according to the guidelines below.

7

- The student responds correctly without assistance = **3 points**
- The student responds correctly to the task after the test administrator provides additional support = **2 points**
- The student responds incorrectly to the task after the test administrator has provided additional support = **1 point**
- The student does not respond to the task or the student's response is unrelated to the task = **0 points**

Mathematics Area	Description	Points Earned* /Points Possible
Number and Operation:	May include understanding meanings of numbers and operations and how they relate to one another; computing fluently and making reasonable estimates.	4 / 6
Algebra:	May include models to understand, represent and analyze patterns, relations, and functions.	8 7 / 12
Geometry and Measurement:	May include analyzing characteristics and properties of two- and three-dimensional geometric shapes and developing mathematical arguments about geometric relationships; understanding the units, systems, and processes of measurement.	2 / 3
Data Analysis and Probability:	May include organizing and displaying relevant data questions; understanding and applying basic concepts of probability.	5 / 6
	TOTAL:	18 / 27

9

* State averages for the areas and total are 4.8, 7.2, 2.1, 3.9, and 18.0 respectively.

What is the Individual Student Report (ISR) about?

10

- This ISR provides your student's results on the Minnesota statewide assessments taken in the spring of 2026 to measure student learning of the extended standards of the Minnesota Academic Standards.
- For each reported subject, overall performance includes your student's score, related Alternate Achievement Standard level, and state average score.
- Your student's performance details in content areas within extended standards include points earned compared to points possible for each content area and the total, including state averages for each of those score areas.
- When reviewing student scores and state averages, keep in mind that each student has unique needs considered in the administration of tasks, which influence performance on this particular assessment.
- If you have questions about the results, we encourage you to contact your student's school.

Who takes these assessments?

Minnesota statewide assessments are taken by all public students in grades 3-8 and 11 in mathematics, in grades 3-8 and 10 in reading, and in grades 5, 8, and once in high school in science. Students with the most significant cognitive disabilities who meet specific eligibility criteria may take the Minnesota Test of Academic Skills (MTAS) or the Alternative Minnesota Comprehensive Assessments (Alt MCA).

Where can parents/guardians find information?

- MDE Students and Families Statewide Testing page under Assessment Results (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

How can I request my student's results in a translated language or an alternative format?

11

If a QR code is present on page 1, a video summary of your student's results may be available. If a home language was reported to your student's school or district, an audio translation with captions may be available. This report may also be made available in an accessible format, such as large print, braille, or as an audio file. Contact MDE by email at mde.testing@state.mn.us or by phone at 651-482-8674. TTY users may call the Minnesota Relay Service at 711.
