RE: Today's Safety Incident at RRJSHS

Rogue River School District Families, Staff, and Community,

I want to take a moment to address this morning's safety incident at Rogue River Junior Senior High School and, most importantly, reassure our families that all students and staff are safe.

This morning, school administration received information regarding a potential threat. Out of an abundance of caution, law enforcement was immediately notified, and Rogue River Junior Senior High School was placed in a SECURE status while the concern was investigated. SECURE status means students return to the inside of the building, outside doors are locked, and business as usual occurs within the building.

School administration worked closely with local law enforcement to assess the situation and ensure the safety of our students and staff. Following an investigation, it was determined that there was no threat to students or staff. The school was released from SECURE status and resumed normal operations shortly after 8:00 a.m.

I want our families and community to know that the safety and well-being of our students and staff will always be our highest priority. We take every reported safety concern seriously and will continue to err on the side of caution when making decisions that affect the safety of our schools.

I am grateful to our school administrators, staff, and students for their response this morning. Their cooperation and commitment to established safety procedures help us maintain a safe and supportive learning environment.

I want to extend my sincere appreciation to the Rogue River Police Department and Jackson County Sheriff's Office for their incredible support and immediate response and assistance. I also want to thank our families for their patience, understanding, and continued trust.

School safety is a shared responsibility. It takes all of us working together (students, staff, families, law enforcement, and our greater community) to ensure our schools remain places where students feel safe, supported, and ready to learn.

Thank you for your continued partnership and commitment to the Rogue River School District.

April Harrison, D.Ed.
RRSD35 Superintendent
