Guía rápida del Informe individual del estudiante (ISR) de MCA para matemáticas

Se generan los Informes individuales del estudiante (o ISR) para los estudiantes que se espera tomen una evaluación estatal. El ISR provee información acerca del desempeño del estudiante y su aprendizaje de los Estándares Académicos de Minnesota.

El MCA se administra a los estudiantes de matemáticas en los grados 3 al 8 y 11.

Cada materia y prueba aparece en un ISR separado. Si su estudiante no participó, el ISR muestra por qué no se incluyen los resultados (por ejemplo, ausente o no completada).

MCA M Gr 4

DEPARTMENT OF EDUCATION

Firstname M. Lastname
School Name
Public School District Name

Spring 2026
Grade 4

These are your student's results from the Minnesota Comprehensive Assessments taken in the spring of 2026.

Mathematics

Exceeds

Minnesota Academic Standards

Firstname's score shows performance **above** grade 4 standards

MCA scores are used in school-level planning when considered alongside other school and district progress data

Student Results Video

Scan the **QR code** to access a video of your student's results or contact your student's school for a link to the video.

Your student's school can provide information on how to use these results.

Mathematics: Firstname's Overall MCA-III Results

	401	440	450	466	499
Your Student 468					
School Average 465.5					
District Average 448.6					
State Average 451.5					
	Does Not Meet	Partially Meets	Meets	Exceeds	

Performance Level Description:
Students at the **Exceeds the Standards** level exceed the mathematics skills of the Minnesota Academic Standards.

Mathematics Performance Details

Your student's score is compared to the state expectations for mathematics and its content areas. Performance in content areas within a subject is reported as Below Expectations, At or Near Expectations, or Above Expectations.

= Below Expectations = At or Near Expectations = Above Expectations

Mathematics Area	Description	Performance
Number and Operation:	May include understanding meanings of numbers and operations; computing fluently and making reasonable estimates.	At or Near Expectations
Algebra:	May include models to understand, represent and analyze patterns, relations, and functions.	Above Expectations
Geometry and Measurement:	May include analyzing properties of geometric shapes; understanding the units, systems, and processes of measurement.	Above Expectations
Data Analysis:	May include organizing and displaying data questions; understanding and applying basic concepts of probability.	Above Expectations

Resources

- Go to the Minnesota Academic Standards webpage to learn more about the learning expectations for each grade and subject (education.mn.gov > Districts, Schools and Educators > Teaching and Learning > Academic Standards K-12).
- Go to the Minnesota Report Card to see results for your student's district and school and others throughout the state (education.mn.gov > Data Center > Minnesota Report Card).

1. Información demográfica del estudiante—Nombre de tu estudiante, grado, escuela, distrito, fecha y evaluación.

2. Medición del desempeño—La puntuación general del estudiante se muestra como un nivel de desempeño, llamado también nivel del logro. Hay cuatro niveles de desempeño: No cumple con los estándares, Cumple parcialmente con los estándares, Cumple con los estándares o Supera los estándares.

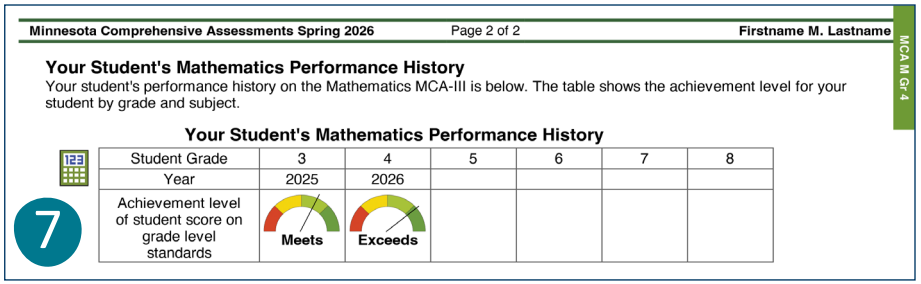

3. Estándares—Una descripción de la puntuación del estudiante en relación con lo que se espera que los estudiantes sepan en cada nivel de desempeño de los Estándares Académicos de Minnesota.

4. Video con los resultados del estudiante—Está disponible un informe en video personalizado para cada estudiante con una puntuación válida. Puede acceder al video escaneando el código QR único que está impreso en el informe. El video también puede estar disponible en el idioma usado en el hogar, según los datos de inscripción del estudiante, si se especificó a la escuela o distrito del estudiante.

5. Resultados generales—La puntuación del estudiante y las puntuaciones promedio de la escuela, el distrito y el estado.

6. Detalles del desempeño—La puntuación del estudiante se compara con las expectativas estatales para áreas detalladas dentro de cada materia. El desempeño en una materia se informa como por debajo de las expectativas, dentro o cerca de las expectativas, o superior a las expectativas.

La información para los estudiantes y las familias está disponible en el sitio **MDE Statewide Testing Students and Families** website (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).

8

Mathematics Career and College Readiness (CCR)

Firstname's score is 10XX.

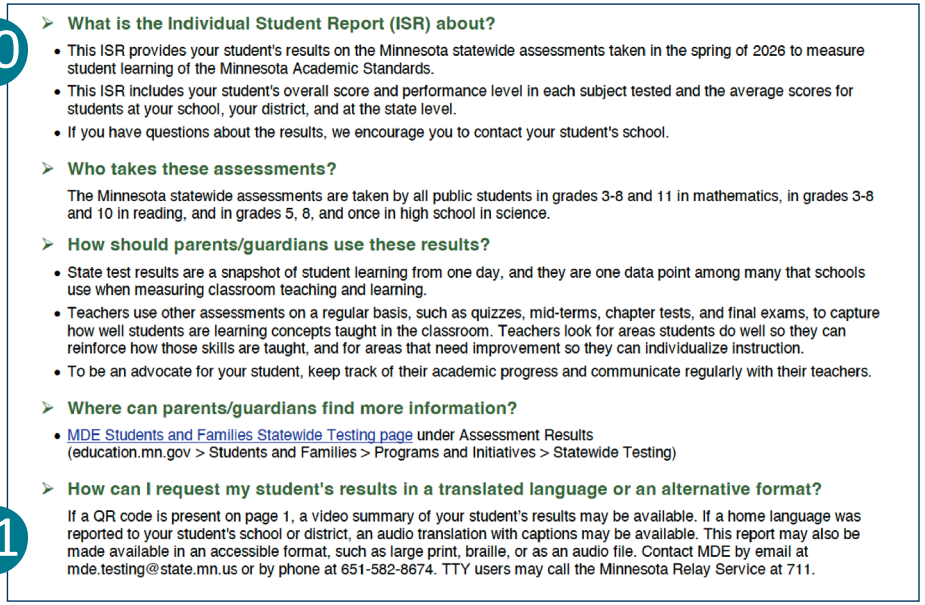

A score of **10XX or higher** is expected to be on track to demonstrate career and college readiness in mathematics on a college admissions test at the end of grade 11.

MCA-III Placement Score Ranges for Minnesota State Colleges and Universities

9

Intended Course of Enrollment (or equivalent)	Enrollment in Developmental Course Unless Additional Information Indicates Otherwise	Need More Information on Readiness	Enrollment in College Level Course
College algebra	MCA-III score below 1152	1152 to 1157	1158 or above
Statistics	MCA-III score below 1146	1146 to 1147	1148 or above
Other mathematics	MCA-III score below 1146	1146 to 1149	1150 or above

Retain this score report for use if completing the admissions process at a Minnesota State college or university. For more information, refer to the Admissions website (www.minnstate.edu/admissions).

10

What is the Individual Student Report (ISR) about?

- This ISR provides your student's results on the Minnesota statewide assessments taken in the spring of 2026 to measure student learning of the Minnesota Academic Standards.
- This ISR includes your student's overall score and performance level in each subject tested and the average scores for students at your school, your district, and at the state level.
- If you have questions about the results, we encourage you to contact your student's school.

Who takes these assessments?

The Minnesota statewide assessments are taken by all public students in grades 3-8 and 11 in mathematics, in grades 3-8 and 10 in reading, and in grades 5, 8, and once in high school in science.

How should parents/guardians use these results?

- State test results are a snapshot of student learning from one day, and they are one data point among many that schools use when measuring classroom teaching and learning.
- Teachers use other assessments on a regular basis, such as quizzes, mid-terms, chapter tests, and final exams, to capture how well students are learning concepts taught in the classroom. Teachers look for areas students do well so they can reinforce how those skills are taught, and for areas that need improvement so they can individualize instruction.
- To be an advocate for your student, keep track of their academic progress and communicate regularly with their teachers.

Where can parents/guardians find more information?

- MDE Students and Families Statewide Testing page under Assessment Results (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

How can I request my student's results in a translated language or an alternative format?

11

If a QR code is present on page 1, a video summary of your student's results may be available. If a home language was reported to your student's school or district, an audio translation with captions may be available. This report may also be made available in an accessible format, such as large print, braille, or as an audio file. Contact MDE by email at mde.testing@state.mn.us or by phone at 651-582-8674. TTY users may call the Minnesota Relay Service at 711.

7. Historial del desempeño (grados 3 al 8) — La tabla muestra el historial del desempeño del estudiante en matemáticas.

   Nota: El nivel de desempeño reportado para un grado se relaciona únicamente con los Estándares Académicos de Minnesota evaluados en ese grado en particular. Al observar resultados entre grados, tenga en mente que los estándares académicos cambian de un grado a otro y que es difícil determinar si los estudiantes están progresando basándose únicamente en los resultados de MCA.

8. Preparación para la universidad y la vida profesional (Grado 11)—La puntuación de MCA del estudiante se muestra en relación con puntuaciones objetivo que se usan para determinar la preparación para la universidad y la vida profesional en matemáticas.

9. Uso de las puntuaciones de MCA para la asignación de cursos—Las universidades del estado de Minnesota pueden usar las puntuaciones de MCA de matemáticas de la escuela secundaria para determinar la asignación de cursos. Para más información, por favor visite el sitio Minnesota State Admissions website (www.minnstate.edu/admissions).

10. Preguntas frecuentes y recursos—La segunda página de todos los ISR de matemáticas incluye las preguntas frecuentes y la información sobre dónde encontrar recursos adicionales.

11. Información de contacto—Para solicitar el informe en un formato alternativo o traducido a otro idioma, por favor contacte al Departamento de Educación de Minnesota por correo electrónico a mde.testing@state.mn.us, por teléfono al 651-582-8674, o visite el sitio MDE Statewide Testing website (education.mn.gov > Districts, Schools and Educators > Statewide Testing > Teaching and Learning > Statewide Testing).
