Guía rápida del Informe individual del estudiante (ISR) de MTAS para matemáticas

Se generan los Informes individuales del estudiante (o ISR) para los estudiantes que se espera tomen una evaluación estatal. El ISR provee información acerca del desempeño del estudiante y su aprendizaje de los Estándares Académicos de Minnesota.

La MTAS se administra a los estudiantes de matemáticas en los grados 3 al 8 y 11.

Cada materia y prueba aparece en un ISR separado. Si el estudiante no participó, el ISR muestra por qué no se incluyen los resultados (por ejemplo, por ausencia o por no terminar la evaluación).

Mathematics: Firstname's Overall MTAS-III Results

119	190	200	207	237
Your Student 204				
Does Not Meet	Partially Meets	Meets	Exceeds	

State average score is 199.6

Performance Level Description:
With the occasional use of supports, students at the **Meets** level succeed at many of the skills on the extended standards of the Minnesota Academic Standards in mathematics.

Mathematics Performance Details

Firstname's score Meets the Mathematics Alternate Achievement Standards

Students at the **Meets** level succeed at many of the skills on the extended standards of the Minnesota Academic Standards in mathematics. With the occasional use of supports, the students may demonstrate the ability to:

- Compare rational numbers.
- Evaluate an algebraic expression when the value of one variable is given.
- Recognize that parallel lines have the same slope.
- Estimate line of best fit on scatterplots.

Resources

- Go to the Minnesota Academic Standards webpage to learn more about the learning expectations for each grade and subject (education.mn.gov > Districts, Schools and Educators > Teaching and Learning > Academic Standards K-12).
- Go to the Minnesota Report Card to see results for your student's district and school and others throughout the state (education.mn.gov > Data Center > Minnesota Report Card).

1. Información demográfica del estudiante—Nombre del estudiante, grado, escuela, distrito, fecha y evaluación.

2. Medición del desempeño—La puntuación general del estudiante se muestra como un nivel de desempeño, llamado también nivel del logro. Hay cuatro niveles de desempeño: No cumple con los estándares, Cumple parcialmente con los estándares, Cumple con los estándares o Supera los estándares.

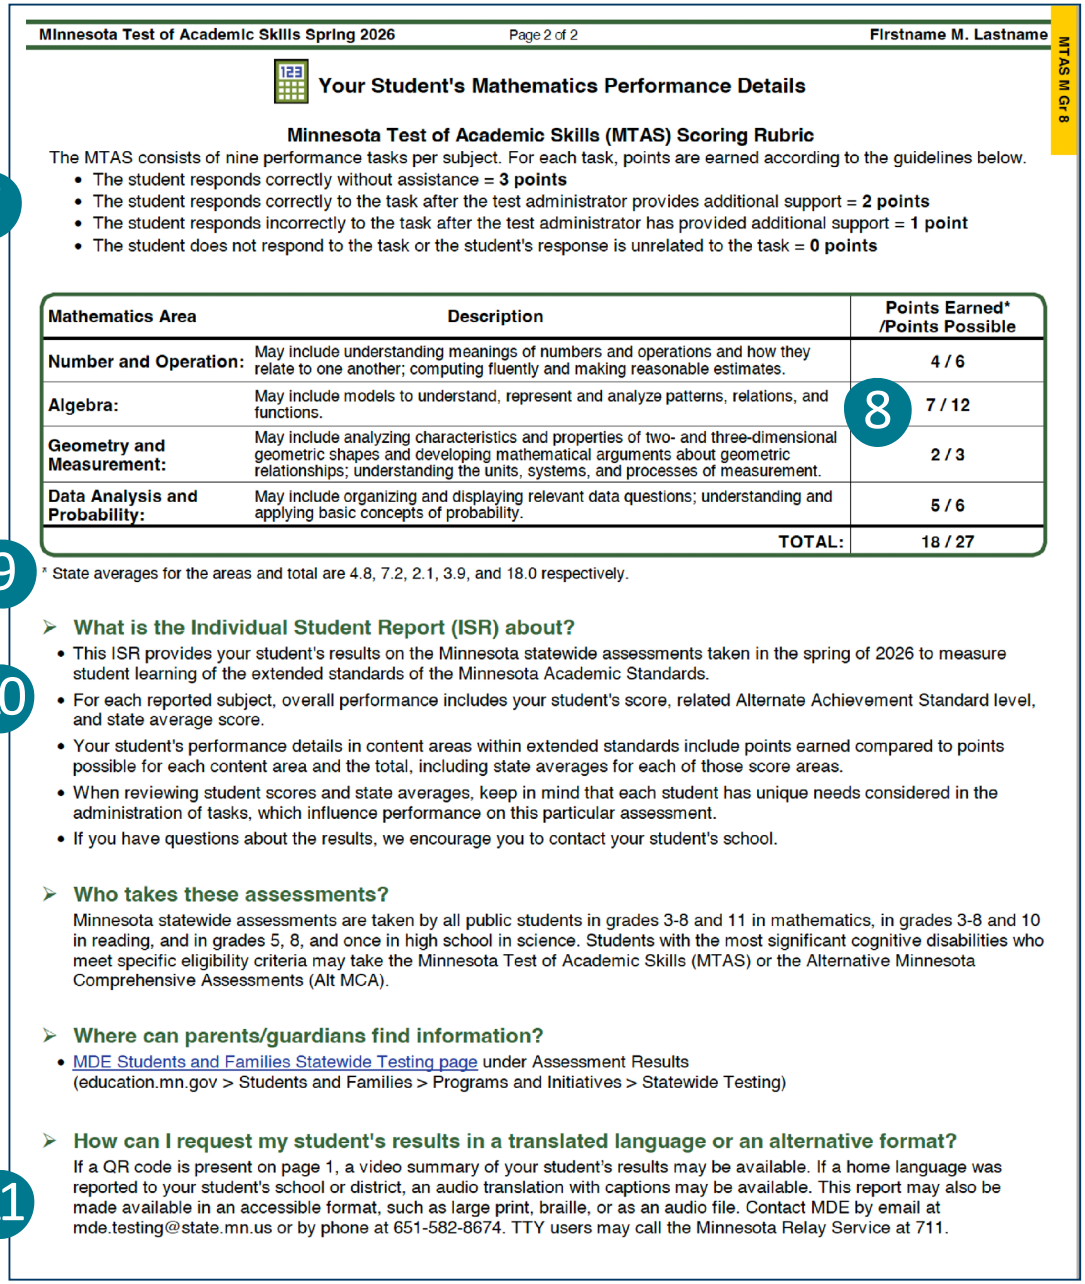

3. Estándares de logros alternativos—Una descripción de la puntuación del estudiante en relación con lo que se espera que los estudiantes sepan en cada nivel de desempeño de los estándares extendidos de los Estándares Académicos de Minnesota.

4. Video con los resultados del estudiante—Está disponible un informe en video personalizado para cada estudiante con una puntuación válida. Puede acceder al video escaneando el código QR único que está impreso en el informe. El video también puede estar disponible en el idioma usado en el hogar, según los datos de inscripción del estudiante, si se especificó a la escuela o distrito del estudiante.

5. Resultados generales—La puntuación del estudiante, la puntuación promedio del estado y una descripción del nivel de desempeño del estudiante.

6. Detalles del desempeño—Una descripción de las destrezas demostradas en el desempeño general del nivel del estudiante.

La información para los estudiantes y las familias está disponible en el sitio **MDE Statewide Testing Students and Families** website (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).

MTAS M Gr 8

Your Student's Mathematics Performance Details

Minnesota Test of Academic Skills (MTAS) Scoring Rubric

The MTAS consists of nine performance tasks per subject. For each task, points are earned according to the guidelines below.

- The student responds correctly without assistance = **3 points**
- The student responds correctly to the task after the test administrator provides additional support = **2 points**
- The student responds incorrectly to the task after the test administrator has provided additional support = **1 point**
- The student does not respond to the task or the student's response is unrelated to the task = **0 points**

Mathematics Area	Description	Points Earned* /Points Possible
Number and Operation:	May include understanding meanings of numbers and operations and how they relate to one another; computing fluently and making reasonable estimates.	4 / 6
Algebra:	May include models to understand, represent and analyze patterns, relations, and functions.	7 / 12
Geometry and Measurement:	May include analyzing characteristics and properties of two- and three-dimensional geometric shapes and developing mathematical arguments about geometric relationships; understanding the units, systems, and processes of measurement.	2 / 3
Data Analysis and Probability:	May include organizing and displaying relevant data questions; understanding and applying basic concepts of probability.	5 / 6
	TOTAL:	18 / 27

* State averages for the areas and total are 4.8, 7.2, 2.1, 3.9, and 18.0 respectively.

What is the Individual Student Report (ISR) about?

- This ISR provides your student's results on the Minnesota statewide assessments taken in the spring of 2026 to measure student learning of the extended standards of the Minnesota Academic Standards.
- For each reported subject, overall performance includes your student's score, related Alternate Achievement Standard level, and state average score.
- Your student's performance details in content areas within extended standards include points earned compared to points possible for each content area and the total, including state averages for each of those score areas.
- When reviewing student scores and state averages, keep in mind that each student has unique needs considered in the administration of tasks, which influence performance on this particular assessment.
- If you have questions about the results, we encourage you to contact your student's school.

Who takes these assessments?

Minnesota statewide assessments are taken by all public students in grades 3-8 and 11 in mathematics, in grades 3-8 and 10 in reading, and in grades 5, 8, and once in high school in science. Students with the most significant cognitive disabilities who meet specific eligibility criteria may take the Minnesota Test of Academic Skills (MTAS) or the Alternative Minnesota Comprehensive Assessments (Alt MCA).

Where can parents/guardians find information?

- MDE Students and Families Statewide Testing page under Assessment Results (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

How can I request my student's results in a translated language or an alternative format?

If a QR code is present on page 1, a video summary of your student's results may be available. If a home language was reported to your student's school or district, an audio translation with captions may be available. This report may also be made available in an accessible format, such as large print, braille, or as an audio file. Contact MDE by email at mde.testing@state.mn.us or by phone at 651-582-8674. TTY users may call the Minnesota Relay Service at 711.

7. Rúbrica de calificación de MTAS—Durante la administración de la prueba, el administrador de la prueba utilizó esta rúbrica para calificar al estudiante en cada tarea.

8. Detalles del desempeño—Para cada materia, se informan los detalles del desempeño en puntos obtenidos en comparación con los puntos posibles para cada área de contenido y el total.

9. Promedios estatales—Se proveen los promedios estatales de las áreas de contenido y el total para su comparación.

10. Preguntas frecuentes y recursos—La segunda página de todos los ISR incluye las preguntas frecuentes y la información sobre dónde encontrar recursos adicionales.

11. Información de contacto -- Para solicitar el informe en un formato alternativo o traducido a otro idioma, por favor contacte al Departamento de Educación de Minnesota por correo electrónico a mde.testing@state.mn.us, por teléfono al 651-582-8674, o visite el sitio MDE Statewide Testing (education.mn.gov > Districts, Schools and Educators > Statewide Testing > Teaching and Learning > Statewide Testing).
