MESSAGE FROM THE GENERAL MANAGER

Hello, my name is **Joe Brown**, and I am proud to serve as the **General Manager of Sodexo School Food Services for East Aurora**. My team and I are passionate about serving our students and building strong connections with the families, staff, and community who support them.

Our mission is simple: to provide nutritious, delicious meals that students enjoy and that help them feel their best, stay focused, and succeed in the classroom. Students are at the heart of everything we do, and we want every meal to be a positive part of their school day.

We are also committed to keeping families informed and listening to ideas from staff and community members. Together, we can create a welcoming dining experience that reflects the needs of East Aurora and supports the students we are proud to serve.
